**PRIZE-WINNERS IN MIDLAND.** These two units were top prize-winners in the annual July 4th celebration at Midland Saturday. At top is the float entered by Midland Knights of Columbus Council 2005, which won the top award for the fifth consecutive year. The unit received a \$100 prize. The lower photo shows the color guard of the snappy Westmoreland Esquires Drum and Bugle Corps, which won first place in competition Saturday night. A record-breaking crowd lined Midland streets to watch the traditional parade.

## Attendance Tops 25,000

# Record Crowd Watches Huge Parade At Midland

By TOM BAKER

Taking advantage of near-perfect weather, crowds in record-breaking numbers jammed Midland Saturday for the annual July 4th celebration, highlighted by a massive, colorful parade.

Police Chief Ed J. Steff estimated the crowd that watched the parade topped 1963's record-breaking turnout of 25,000.

In addition to the throngs that lined the curbs, about 4,000 participated in the parade of 103 units.

For the fifth consecutive year, the float entry of Midland Knights of Columbus Council 2005 won top parade prize money of \$100. Second was the entry of the Midland Area Chamber of Commerce, which was awarded \$50. Midland Ameri-

can Legion Post 481 captured third place, winning \$80.

### Accident At Midland Parade Injures Man

Louis Krawiec, 43, of Smithfield St. is in "fairly good" condition today at City Hospital with injuries suffered when he fell from a unit on which he had been riding in the Midland parade Saturday. Krawiec suffered abrasions of the right arm, foot and ankle in the mishap in a parade dispersal area. Police said one of the wheels of the unit apparently passed over Krawiec's leg after he fell.

The Midland Lions Club entry placed fourth, receiving

\$70, while the Midland Rotary Club took fifth place, winning \$60.

The entry of the Midland Branch of the National Association for the Advancement of Colored People — in competition for the first time — was awarded sixth place. Its prize was \$50.

The entry of the Midland Rainbow Girls won top honors in the Junior or youth float division.

The prize-winners were announced during the evening program at the stadium.

THE PARADE was the highlight of a day-long program that opened with a morning flag-

## Toll Reaches Record For 4th Holiday

**Traffic Claims 477 Across Nation With Additions Expected**

The nation's traffic deaths during the Fourth of July weekend hit a record toll for a three-day observance of the holiday.

The Associated Press count of deaths on the highway from 6 p.m. Thursday to midnight, local time Sunday was 477. Be-lated reports were expected to increase the total.

The heavy death toll compared to the previous high of 442, set in a three-day Independence Day holiday period in 1960.

There was a sharp increase in fatalities in the last 24 hours of the 78-hour holiday period, with more than 175 deaths reported.

The National Safety Council had estimated the traffic deaths would total between 450 and 550. The council, until Sunday, had been hopeful that the final total would be below its pre-holiday estimate. But with millions of motorists homeward bound from resorts and vacations, the death rate rose far above the earlier pace.

## Quake Rocks Mexico City, No One Hurt

MEXICO CITY (AP) — A sharp earthquake hit Mexico City early today, and all lights in the center of the capital went out.

It was the sharpest quake Mexico City has experienced since 1957.

Three minor earthquakes were felt Sunday in northern Sonora and Baja California, in northwest Mexico, but no casualties or damage was reported.

Electric power was restored quickly in many parts of the city, but some areas remained dark.

Many people were frightened and ran into the streets.

In the 1957 earthquake 66 persons were killed and there was considerable damage. Telephone lines to other areas of Mexico were down, and there was no immediate way of telling whether other areas were hit.

Large crowds, mostly tourists in night attire, poured from hotels.

## Pottery Union Opens Long Beach Sessions

The International Brotherhood of Operative Potters today launched its 70th annual convention in Long Beach, Calif.

About 200 delegates were in the Lafayette Hotel's French Room when E. L. Wheatley, president, rapped the gavel for the first session. Official greetings from municipal officials and visiting union leaders marked the first session, along with appointment of standing committees.

The union delegates will consider more than 58 resolutions. The convention is scheduled to conclude by this weekend—probably on Friday afternoon or Saturday morning.

## 33 Negroes Jailed

# Gunfire Hurts 4 In Race Fight At Texarkana Lake

TEXARKANA, Tex. (AP) — A lakeside racial melee Sunday left four persons wounded by gunfire, and 33 Negroes jailed on charges ranging from inciting a riot to assault with intent to murder.

The violence erupted when Negroes swam in Lake Texarkana near here for the first time in large numbers since the passage of the civil rights bill. They were confronted with disgruntled and then angry whites.

At another area of the lake, whites left the beach when a group of Negroes began swimming.

The Cass County sheriff's office at Linden, where the Negroes were transferred, said Clifford Williams, 21-year-old Negro, was charged with assault with intent to murder.

Most of the others including five women, were charged with inciting a riot, a sheriff's deputy said.

The Negroes, most from Arkansas, were jailed in lieu of \$1,000 bond each set by Judge Wayne Brown.

One white man and three Negroes were wounded in the racial outburst.

Lake Texarkana is five miles west of this northeastern Texas city on the Arkansas border.

Some Negroes had swum in the lake previously without major incident.

Cass County Sheriff Bill Dowd said from 80 to 100 Negroes and 150 to 200 whites were involved. They brandished bottles and hurled rocks that smashed car windows and headlights, Dowd said.

The site was littered with broken glass and other debris.

Negroes Set Further Action In Mississippi

JACKSON, Miss. (AP) — Negro leaders plan to move further into Mississippi today to inspect civil rights developments after quietly integrating several previously all-white facilities—including two hotels—in Jackson.

Officials of the National Association for the Advancement of Colored People registered without incident Sunday at two downtown hotels and a motel, then received service in the coffee shop of one—all without incident.

Four unidentified Negro youths attended a previously all-white movie theater and more

## Scranton's Group Asks Moderation

**Conservatives See Effort As Move To Symbic Goldwater**

By LEWIS GULICK  
SAN FRANCISCO (AP)—The 1964 Republican platform writers start work today amid a struggle between Goldwater and Scranton supporters over what stand the party should take on civil rights.

As former Ambassador Clare Boothe Luce prepared to lead off a week's testimony from nearly 200 witnesses, the platform committee chairman, Rep. Melvin R. Laird of Wisconsin,

## Ike's Brother Slated To Nominate Scranton

CHICAGO (AP) — Gov. William Scranton of Pennsylvania announced today that Dr. Milton Eisenhower, brother of the former president, will nominate Scranton at the Republican National Convention next week.

"I am delighted and pleased to announce that Dr. Milton Eisenhower will nominate me for president at the Republican National Convention in San Francisco," Gen. Eisenhower knows about this and is very pleased about it. The general said that was the best news he heard yet.

Scranton spoke with reporters early in a fast two-day appeal for Illinois support built around the civil rights issue.

listed proposed platform wording concerning the new civil rights law as a main point of conflict between the rival camps.

Sen. Hugh Scott of Pennsylvania, convention manager for presidential hopeful William W. Scranton, Pennsylvania governor, called an informal meeting of from eight to a dozen of the 105 platform committee members.

Scott said his aim is to persuade some like-minded delegates to work for inclusion of what he termed "moderate, progressive" planks in the party document.

Backers of Barry Goldwater saw Scott's move as an effort to wean support away from the Arizona senator.

## Goldwater's Forces Hold Vote Margin

SAN FRANCISCO (AP)—Sen. Barry Goldwater's delegate lines held firm today while Pennsylvania Gov. William W. Scranton's attempted blitz for the GOP presidential nomination showed no signs of catching fire.

As matters stood, Goldwater had 710 publicly committed votes in The Associated Press survey, a comfortable margin over the 655 necessary for the nomination. Scranton had 146, plus the 105 in the name of New York Gov. Nelson A. Rockefeller and 45 committed to Henry Cabot Lodge.

There were reports Sunday that Gov. James A. Rhodes had released Ohio's 58 votes from their first-ballot commitment to him as a favorite son.

Ohio State Chairman Ray Bliss said in an interview here that he had had no word from Rhodes of any change in that state's situation.

## Warmer Note Marks End Of Area Holiday

Although the weatherman chilled the district's July 4th celebration with comparatively low temperature Saturday, he relented Sunday and provided a warm sun to help the weekend close on a happier note.

Brisk temperatures in the high 60's and low 70's prevailed generally for the Independence Day celebration — chilly enough to make a wet bathing suit seem like a toga of ice cubes. But it did not interfere with the

## More Accuracy Needed

# Gen. Taylor's Role May Improve Viet Data Flow

WASHINGTON (AP) — Gen. Maxwell D. Taylor's assumption of U.S. leadership in South Vietnam may bring more accurate—and perhaps more balanced—information to Washington on the course of the war.

Reliable assessments from the field are imperative if the government is to be guided properly in its decisions on the conduct of U.S. efforts to help the South Vietnamese overcome Communist rebellion.

Certain key American offi-

cials here say they have been skeptical about the estimates and reports sent in from South Vietnam.

This is not to suggest they have felt U.S. military and diplomatic authorities in Saigon have tried to delude the White House, State Department and the Defense Department.

But some Washington officials have doubts about the way the information is gathered, the sources, and the judgments

There also was a concert by the Midland High School Band at Lincoln Park; an afternoon program of children's games; another concert by Jimmy Sebastian's Cornet Band of Monaca; a variety program and the night events, capped by drill team competition and a spectacular fireworks display.

In other parade judging, the East Liverpool High School Twin Marching Band was named the best marching and the best - sounding. Vincent Maola is director.

Band was named the best-appearing unit.

Top prize in the drum and bugle corps competition at the stadium went to the Westmoreland Esquires, with a score of 79.566. The unit received a large championship trophy and prize money.

**THE SHARPSBURG** Cadets, winner last year, placed second with a score of 71.5. The Vern Acklin Cavaliers of Verona placed third with a score of 69.566 and the Meadville Thunderbirds won fourth place with a rating of 64.63.

The championship trophy was presented by Miss Mary Ellen Bruno of Midland, honorary parade marshal. She won this year's celebration theme contest with her entry, "Liberty and Justice for All."

John Shovlin, July 4th Executive Committee member and past commander of Post 481, received the salute of the corps as they performed.

Crowd-pleasing exhibitions also were presented by the Pittsburgh Rockets Drum and Bugle Corps and the all-girl Catholic Daughters of America Drum and Bugle Corps of But-

ler. The two units were not entered in competition.

**PRIOR TO** the performances, the large crowd at the stadium was asked to stand for a moment of silence in memory of the late Dr. Ralph H. Jewell, Midland school superintendent, who had been a part of the annual celebration in various capacities for the last 25 years.

A record crowd estimated at 8,000 filled into the field for the competition. Judging was in charge of five representatives of the All-American Drum and Bugle Corps Association.

An estimated 3,000 attended the afternoon concerts and variety program, while the children's races at Lincoln Park drew about 3,000. Spectators also viewed the annual art exhibition of the Knights of Columbus.

**THE PARADE** started at 11:15 and lasted about an hour and 45 minutes — a half hour less than last year. It featured 18 marching bands, including 10 area high school bands, five drum and bugle corps and three professional bands.

A street dance at 7th St. School followed the fireworks, ending the day's activity.

Additional prize-winners will be announced when the July 4th Executive Committee holds a special meeting this week to approve payment of bills. Mayor Eli Corak is general chairman.

Shovlin and Charles P. Henderson of Industry were co-chairmen of the special events committee in charge of the entertainment.

Various police assisting with the traffic included Midland officers and firemen. Crucible plant protection personnel, the Civil Defense auxiliary police, state police and officers from neighboring boroughs.

Guests riding in the parade included Rep. Frank M. Clark of Bessemer, Beaver County Common Pleas Judge Ralph Scaleria, a native of Midland; County Commissioner and Midland Mayor Eli Corak, and Beaver County District Atty. Robert Masters, also of Midland, as well as borough officials, United Steelworkers 1212 officials and directors of the Midland Area Chamber of Commerce.

## Woodbine Resumes As Workers Return

Woodbine Laundry & Dry Cleaning Co. resumed operations today with the return of employees following a two-week strike.

Local 1, International Laundry, Dry Cleaning and Dye House Workers, voted last Wednesday night to accept a new three-year contract providing for wage increases and some fringe benefits.

The union struck the plant on June 16 and the company announced on June 17 that it would cease operations. However, Mayor Merrill D. Hall and John Eiferd worked to bring the two sides together to iron out the dispute.

than a dozen Negroes in several cars were served at a drive-in cafe for whites. At the drive-in, all four tires on one car were slashed while its Negro passengers were inside.

Charles Evers, state field secretary for the NAACP, said the four-day civil rights inspection tour would continue today with the group's officials leaving Jackson for Canton, then a visit to Philadelphia in the afternoon and a mass meeting in Meridian tonight.

The trip to Philadelphia apparently will concern the case of three civil rights workers missing since June 21. The trio vanished after their release from jail, where they had been taken on a speeding charge.

## Auto Hits House; Motorist Unhurt

A Wellsville motorist escaped injury when his car rammed another and then struck the side of a house Sunday at 10:40 a. m. on Aten Ave., Wellsville, police said.

Officers said a car driven by Lester Joseph Cavanaugh, 540 Wells Ave., pulled from Chesler Ave. into the path of another driven by William Barker of Wellsville R.D. 1.

Cavanaugh's car traveled 45 feet from the point of impact, jumping the curb and hitting the corner of a home at 610 Aten Ave. The foundation of the home was cracked. Cavanaugh posted a \$25 bond for a hearing on a charge of failing to stop for a stop sign.

Wiring in the Cavanaugh car caught fire after the crash. Firemen were summoned, but the fire was out on arrival.

Police said a car driven by Clyde E. Wedlake of Steubenville R.D. was bumped in the rear by another driven by James Channels of Toronto Friday at 3:45 p.m. on Wells Ave.

## Alfalfa Weevils Cited In Damage

LISBON — Some area alfalfa producers have reported damage to second cuttings from the alfalfa weevil, according to Don Myers, county extension agent in agriculture.

Either the larvae or a adult forms of the pest may be feeding upon the new shoots sufficiently to cause damage and producers should watch their fields closely to determine if this is occurring, he said.

If damage appears to be retarding the regrowth, usually when 50 per cent of the tips show feeding, it will pay to spray the crop, he said. Entomologists at Ohio State University recommend either one pound of malathion or one and one-half pound of methoxychlor per acre in 20 gallons of water. The alfalfa should not be harvested or grazed for seven days after treatment.

## Viet Grenade Thrown At Embassy In Saigon

SAIGON, South Viet Nam (AP)—A Viet Cong terrorist threw a grenade at the U. S. Embassy in Saigon today but it failed to explode.

The grenade was hidden in a loaf of bread that the terrorist tore open before throwing the grenade. In his excitement he pulled the detonating mechanism from the grenade instead of just the pin and it did not go off, an embassy spokesman said.

Americans inside the embassy were ordered to stay in until a thorough search was made of the area.

## The Law Of The Land

There appears to be little question the newly enacted civil rights law will be tested down the line until the entire law, or at least the more controversial sections of it, goes to the U.S. Supreme Court. This is perfectly natural. Negroes and whites sympathetic to the civil rights movement want to know whether the piece of paper President Johnson has signed is really to be the law of the land or just a piece of paper.

BUT AS of now, it is the law of the land. As such should be complied with by the people of this land which towers in the world community because of its respect for law.

Our sincere hope is that compliance will come without deep bitterness and rancor. We hope, too, that enforcement of this new and historic law will be neither too sudden nor too harsh.

For it must be remembered that this law goes to the heart of a great many social, economic and political factors.

The nation has chosen to seek social

justice through legislation, believing that the cure of time alone is too slow and ineffective.

Time will be required, however, for full acceptance of this law. Legislation itself will not cause an overnight shift in basic attitudes and beliefs which have been hundreds of years in the making.

It will behoove the government to take this into full consideration in its enforcement procedures. While deliberate defiance of the law should not be tolerated, we believe harsh, sudden enforcement measures could provoke more violence and ill will between the races than that which was witnessed during the stormy prelude to the law.

THE EYES of the entire world are fastened now on the United States as it seeks to solve a problem that has existed far too long.

This country's prestige, its standing among the free nations of the world, will depend on our own reaction to this turning point in history.

## Better Hurry

Robert E. L. Faris is professor of sociology, University of Washington, and a past president of the American Sociological Association.

He is one of a group of idea men furnishing the White House with points of view on things that should be done to brighten the future of America.

This is what Dr. Faris has to say about a subject of interest to all of us who have seen the giraffe, to use an expression which will not be readily understood by members of the generation waiting to crowd us out as soon as we hit whatever birthday these hot-shots will have decided should be our jumping-off-into-oblivion point:

"IF YOU consider the possibility of an eventful life expectancy of 80 or 85 years, the question is: Can we have 85 years of health and happiness instead of, say, 20 years of moderate happiness out of a 70-year life span?

"This means not only a consideration of medical care for retired persons, but of all-around health during the entire span of life, without the special problems that we're so familiar with: Middle-age health problems, loneliness, the retirement period of uselessness and so on. It is a concept of an entire life span of physical and mental health with a sense of progress, enthusiasm, energy and optimism.

"We're not accustomed to looking at it this way, but if you consider that many persons now perhaps are enjoying only about half of their life period — that is, in their ages of 25 to 45, something like that, before troubles overtake them — you

see that the possibility is present of a really immense improvement of life."

DR. FARIS, it is noted, is 57 years old, an age at which a man has grown accustomed to "intimations of mortality." It is hard to understand his choice of 25 to 45 as the beginning and cutoff points of happiness. Perhaps he has had peculiar problems.

I have no recollection of unhappiness that could be bracketed by chronological age. Nor has age had anything to do with my personal "intimations of mortality." Not so far.

Age has little to do with it, in my opinion. Happiness is not relative to chronology but to circumstances and philosophy. There are gaffers as happy as clams despite things that would knock the joie de vivre out of teen-agers. There are people in Dr. Faris's 25-45 span moping around with the world on their shoulders.

FURTHERMORE, there's more to it than staying healthy. All healthy people are not happy. Nor are all ailing people unhappy. Again it's circumstances and point of view.

But if Dr. Faris has something in mind to make what jesters call "the golden years" any better than their promise to be with government confiscating nest eggs through taxation then bickering over whether or not to give back enough to a strapped patriot to keep body and soul together until they come apart, he and President Johnson should hurry. Both are past 55.

They don't have much leeway.

## A Rough Campaign

WASHINGTON — Sen. Barry Goldwater has indicated that if he gets the Republican presidential nomination his campaign against President Johnson will be rougher than those of recent years.

But he has been moving cautiously in his double task of trying to cool any opposition to him among Republicans while going ahead with his efforts to sew up the nomination.

The Associated Press recently asked him his position on a number of issues. The answers, prepared by his staff from some of his recent statements, were released over the weekend.

He was asked what the main campaign issues will be. Several were listed and wound up with this: "... the dark shadow of scandal that hangs even over the White House itself." There has been no scandal talk in recent campaigns.

There was no explanation for what Goldwater meant. But, since he considers this a main point, it can be assumed he would hammer away at it.

If Goldwater gets the nomination, which looks likely, he will need not only all the Republican votes he can get afterward but also those of the usually Democratic Southern states. He has said a Republican couldn't win without them.

His votes against the civil rights bill angered a number of Republicans already against him. So far as can be seen it lost him none of his supporters. It probably endeared him to a lot of Southern whites.

He said the bill, voted into law July 2, flies in the face of the Constitution and enforcement of some of its sections would need a "federal police force of mammoth proportions."

He meant the sections prohibiting discrimination in public accommodations and employment. But his "no" vote gave Pennsylvania's Gov. William W. Scranton, his leading opponent for the nomination, an issue at the Republican convention opening next Monday in San Francisco.

As the Republican platform committee gathered there Sunday for days of hearings before hammering the party's positions and promises together, the Scranton forces' strategy was obvious: How to create divisions at the hearings and come up with conclusions the Goldwater forces couldn't support.

The senator and his advisers had plenty of time to prepare for such a move. Equally obvious for him would be to compromise where he could to avoid party splits.

But there was a very sore point: How compromise on a civil rights plank without alienating the South since, if elected president, Goldwater would be expected

ed to carry through on whatever the platform promised? The Goldwater forces seemed prepared for this, too.

On a television show Sunday the senator's chief spokesman on the platform committee, Rep. John J. Rhodes, an Arizona Republican, was asked about Goldwater's views on a civil rights plank.

He gave an answer which might pacify Republicans and soothe the South.

He said Goldwater would go along with a plank, suggested by Scranton, which called for penalizing states that denied their citizens a vote. Under the 14th Amendment a state could be deprived of representatives in Congress in proportion to the number of people not voting.

But this could never be done without a tremendous fight in Congress.

Rhodes was also asked what Goldwater, as president, would do about enforcing the Civil Rights Act which he said is contrary to the Constitution.

Rhodes had an answer for that, too. "Sen. Goldwater as president of the United States would certainly require a reasonable degree of enforcement which I think would please anybody."

Reasonable is a debatable word. Enforcement which seemed reasonable to Southern whites, who oppose the Civil Rights Act, might greatly displease Negroes who want its protection.

## This 'n That

The only highway connecting Alaska with the road systems of the other U.S. states and Canada is the Alaska Highway, which extends for 1,523 miles between Dawson Creek, British Columbia and Fairbanks, Alaska. This was built during World War II as a military supply route, at a cost of about \$140 million, and for a short time was known as the Alcan Highway.

The most necessary metal for modern industry is iron. It almost invariably is used in an alloyed state, rather than as a pure metal, some of these alloys being called simply iron, whereas others are known as steel.

The earliest almanacs in history, according to scholars, contained predictions made by ancient Persian astrologers. Later, almanacs appeared in Rome, containing information about the heavenly bodies which was supposed to be helpful to farmers and navigators.

## Moon Crew Faces Survival Test

While Victor Riesel is on a trip to Africa and Eastern Europe a number of prominent national figures are pinch-hitting as columnists for him.

By WERNER VON BRAUN  
Director, Marshall Space Flight Center, Huntsville, Ala.

Before the end of this decade a huge Saturn V rocket will blast off from Cape Kennedy to send three courageous Americans to the moon in an Apollo spacecraft. What will they find there? How will men live and work on the moon?

A trip to the moon is primarily an exploration into the unknown, and it ranks with the epic voyages of Marco Polo, Columbus or Magellan. The lunar explorers will head toward a landing site selected years in advance.

The choice of Lunar Orbital Rendezvous as the step-by-step method of getting to the moon limits the initial landing to a rather narrow belt of latitudes near the lunar equator.

Since the unmanned probes in the Ranger and Surveyor programs can reach the leading quadrant of the moon easier moon's longitudes of 270 to 360 they survey will be within the moon's longitudes of 270 to 360 degrees.

THROUGH observations from earth, we know quite a bit about our next-door neighbor in space. The unmanned lunar missions will increase our knowledge of the major factors about its lunar surface — its roughness, surface strength, the steepness of its slopes and its electromagnetic properties.

From their orbit of the moon in the three - module Apollo spacecraft, two men will descend toward the moon's surface in the lunar excursion module, commonly called The Bug. Their throttleable rocket engine can be throttled down to hover just above the designated site.

If they see boulders, crevices or steep slopes through the cockpit windows, they can move sideways to avoid them.

The Bug descends slowly, its insect-like landing gear extended. The rocket exhaust digs into the moon's frothy lava surface and adds another small crater to the pock-marked face. The Bug settles down with a crunch and a small jolt about like that of a helicopter landing. The landing will not be visible from

earth, even with our most powerful telescopes.

DEPRESSURIZING The Bug, one spacesuit-clad astronaut backs down a metal ladder and becomes the first earthman to set foot on another heavenly body. He has a majestic view of the heavens. There is not a cloud in the black sky, which is studded with non-twinkling stars.

All around him lies a cold, silent land of startling desolation. The horizon seems to be a lot closer than on earth because of the moon's smaller size and greater surface curvature.

Crater rims form a rough silhouette against the black void of space. The lunar landscape is generally low relief, although some mountains, which form a part of the rim or wall for the maria, slope upward five miles high from their base.

Are the craters old volcanoes, or the scars of meteorites? Or are they volcanoes created by meteorite impacts? Was the moon once molten?

Keys to its 4.5-billion-year-old history may lie undisturbed on the lunar surface. Changes to the moon's surface are expected to come primarily from bombardment by meteorites and solar radiation.

THE PRIMARY rock which is expected to make up the moon's surface may well be altered by million of years of bombardment by tiny, high velocity particles and subsequent fusing of the debris in the hard vacuum. The result could be rock froth, fibrous or even needle-like structures.

Frothy rock could present a weak surface but, like snow, it would increase in bearing strength with depth, either through density or compaction. The astronaut should be able to move about without too much difficulty, leaving footprints as if he were walking in snow or thick ashes.

In the moon's light gravity, our explorer will feel like a

giant, with unprecedented strength. His suit and life support pack, which weighed 60 pounds at the Cape, weigh 10 pounds here. He moves about in slow but exceedingly long steps, careful not to snag a hole in his suit, for it represents a small life-sustaining capsule of earth's environment, offering a somewhat reduced atmospheric pressure, breathing oxygen and temperature control.

IN ADDITION, his bio-pack contains facilities for removing carbon monoxide, moisture and other contaminants, medical monitoring equipment and a vital communications system.

Around his shoulders he may fling a Buck Rogers - type cape of a reflective metallic material for added protection against micro-meteorite hits and radiation.

The exact scientific experiments to be conducted on the first lunar landing will be drawn from the following areas: field geology, petrography, mineralogy, geochemistry, biology and geophysics, subdivided into seismology, magnetism, gravity, heat and electric measurements.

We have a lot of questions to ask of the moon. Our ability to obtain all the answers will be primarily limited by the element of crew fatigue during the first pioneering voyage.

Nevertheless, the first explorers will bring back samples of the lunar surface, and they will undoubtedly carry small hand cameras to give viewers on earth a close-up television scenario, relayed within minutes they land.

The first round trip to the moon will be a week-long journey. The first order of business on this trip is not science but survival and successful mission accomplishment.

Later stays will be longer when we are able to provide our astronauts with what every traveler needs away from home — a motel room and a you-drive-it car.

## Latin Situation

By Bert Quint

Political, Economical Trends Grow Worse

MEXICO CITY — Last year was so bad for Latin America that the people in Washington whose job it is to deal with our so-called sister republics of the hemisphere had only one consolation—the belief that things were bound to get better. Now, at mid-1964, it is clear they haven't. They've gotten worse.

An objective look at a map of the Western Hemisphere shows that, with painfully few exceptions, the area south of the Rio Grande is one big mass of political and economic unrest divided by colored lines into smaller trouble spots with individual geographic names.

The biggest problem the U.S. started out with at year's beginning was Cuba. Of course, that's still with us—nobody really expected it to sink by itself into the Caribbean Sea—and Premier Fidel Castro seems psychologically and economically a little better off than he was last year, possibly just because he has managed to stay in power.

Another major problem early in the year was Brazil. Leftist President Joao Goulart seemed bound to ride his country into the Communist camp.

IN APRIL, the Brazilian Armed Forces took over and forced Goulart into exile. This seemed fine to the U.S., especially when the new Brazilian government broke diplomatic relations with Cuba.

Now the State Department is probably having unpleasant second thoughts. The government it hastened to recognize is not breaking its neck to return the country to constitutionality, as it had promised. Instead, it has strengthened its own position by getting rid of non-Communists it dislikes as much as Communists.

Thus, a government that was edging close to Communism has been replaced by one edging close to dictatorship. No gain for the U.S., some loss propaganda as the Communists are accusing the U.S. of sponsoring the military take-over.

Meanwhile, those other dictatorships that replaced constitutional governments last year—in Ecuador, Guatemala, the Dominican Republic, Honduras—show no signs of disappearing.

In Ecuador, the ruling military junta prefers not to even talk about change and has arrested several civilians who have.

IN GUATEMALA, the provisional chief of state, Col. Enrique Peralta, recently held elections for an assembly to draw up a new constitution. But only those parties, and to a large degree those party members, to whom the army gave its seal of approval were permitted to run. Meanwhile, guerrillas continue to roam the Guatemalan mountains, apparently democracy - loving non-Communists as well as Communists.

In the Dominican Republic, the three civilians who rule in conjunction with the armed forces have by now lost much of the support given their provisional government when the military set it up last September. The armed forces themselves are said to be split; the civilian populace is unhappy; there has been some violence and there probably will be more and no elections are in sight.

In Honduras, elections are in sight—but at a distance of next February, and then they will be only for a constituent assembly.

BUT THE FELLOW who makes the rest of the current pack of Latin strong men look

like weak sisters is Francois (Papa Doc) Duvalier of Haiti. President Duvalier, who was elected in 1957 and since has turned into one of the most ruthless, thieving, and oppressive rulers this unhappy region has known, decided that men like himself come along only once every 50 or 75 years. For the good of Haiti, he said, he would sacrifice himself and become president for life—if the people wanted him to.

He found whether their answer was "yes" or "no" by holding a plebiscite in June. To make it easier for them to decide, the ballots all had "yes" printed on them.

The government of Paraguay, as it has been since 1954, is still a closed corporation with Gen. Alfredo Stroessner as chief stockholder.

However, the transition from dictatorship to democracy in Nicaragua, home of the Somoza dynasty, is slowly progressing. It has reached the point where President Rene Schick, who was chosen by the Somozas and ran practically unopposed for the office last year, makes many of his own decisions without consulting former President Luis Somoza or his brother, national guard chief Anastasio ("Tachito") Somoza Jr.

BUT "TACHITO" already has begun campaigning unofficially for his turn at the presidency, although elections are not for another three years, and the country still retains some of the characteristics of a police state.

A democratic milestone was passed in Venezuela last March when Raul Leoni succeeded Romulo Betancourt as president. It was the first time in Venezuelan history that one democratically elected president succeeded another. However, Communist terrorism, which had diminished for a while, has become widespread again.

There is also political terrorism, some but not all of it Communist inspired, in Colombia, Bolivia, and Panama, where the ill will caused by last January's Canal Zone riots has not completely disappeared.

In British Guiana, which has a Communist premier, Cheddi Jagan, violence caused by a blend of racial and political strife has increased.

In Argentina, Communist terrorists and labor unions directed by followers of deposed dictator Juan Domingo Peron are adding to the woes of President Arturo Illia, who is suffering from severe economic trouble. To make matters worse, Peron has threatened to return from exile this year.

AND IN CHILE, where it looked as though an anti-Castro government would be elected in September, there now is a strong possibility that a socialist with support from and friendship for the Communists will be elected president.

There are a few relatively bright spots. They include Mexico, which is politically and economically stable; El Salvador, which is moving toward social justice within a democratic framework; Costa Rica, whose economic troubles are aggravated by its very-much-alive volcano, Irazu, but which enjoys a real democracy; Peru, which has returned to constitutionality after a military coup; and Uruguay, which has its own peculiar but democratic form of government.

In general, however, the situation in Latin America has been going from bad to worse, despite the Alliance for Progress, and at this point no end to the downward slide is in sight.

### Mishap Hurts 2 Clinton Men

Two Clinton area men remain in City Hospital today with injuries suffered Friday night when their auto went off Route 30 six miles west of Clinton and slammed into a tree.

The injured are:

Larry Wherry, 21, of Clinton, in "critical" condition today with multiple severe injuries of the entire body.

Frederick Seifert, 20, of Imperial R. D. 1, in "guarded" condition, also with multiple severe injuries.

Pennsylvania State Police at Carnegie identified Wherry as the driver of the auto, which went off the highway on a sharp curve.

State Police said Wherry was arrested for speeding several days ago by troopers from the Carnegie Barracks.

The officers said the auto was traveling at a high rate of speed when it crashed off the road Friday night about 5:15.

WASHINGTON (AP) — Lt. Gen. Samuel D. Sturgis Jr., 66, former chief of Army engineers, died Sunday. Sturgis, who retired in 1956 after 38 years active service, was the third in line of a distinguished military family. He was born in St. Paul, Minn.

### Rain's Required To Develop Crop Of Raspberries

A limited crop of locally-grow raspberries is available now, but more rain will be required to aid its development, according to Ed Watkins, market information agent with the agriculture extension service in Canfield.

Watkins pointed out the local

strawberry season "came to an abrupt end" within the last few days because of hot, dry weather in the production areas.

Apple and peach prospects continue to look good in Ohio orchards. There has been some damage by hail in scattered areas of northeastern Ohio.

Growers are expecting a much larger crop of peaches than last year, but it still will be below the average of 1958-62. The apple

crop will be good from present indications.

Limes and lemons are more abundant than last year. More of these fruits had been harvested by June 1 than the total crop of last year. Supplies of watermelon have been below those of a year ago with resulting higher prices.

A Shadyside Ave. motorist was given a suspended 30-day term in the County Jail today by Municipal Judge Samuel M. Chertoff on condition he does not drive a car until he can obtain a license.

John Edward London drew the suspended sentence plus a fine of \$25 and costs on a charge of driving without an operator's permit after he told the court he had applied for a license but failed the examination.

London also was fined \$5 and costs for making an illegal turn at Washington and E. 5th Sts. He pleaded guilty.

He was arraigned June 29 but Judge Chertoff had continued the charge of driving without a permit to allow the defendant to obtain a license. London was cited June 27.

Donald R. Steed, 942 St. George St., was fined \$15 and costs after pleading guilty to failing to stop within the assumed clear distance. He was cited Friday night following a mishap on Pennsylvania Ave. near Park Way.

Ray H. Goodman, 315 Azalea Ave., drew a fine of \$5 and costs after pleading guilty to crashing a stop sign Sunday afternoon at E. 4th and Walnut Sts.

James F. Rayl, 1331 Sunny-side Ave., and Harry Clifford Womer, 420 Morton St., were given suspended \$10 fines on payment of costs on other traffic violations. Both entered guilty pleas.

Rayl was cited late Friday night on St. Clair Ave. for failing to have a tail light and illuminating light on his car. Womer was cited Saturday night for driving the wrong direction

a total loss. DeBee told police he was headed west on W. 8th St. when the woman driver made a left turn in front of him. He said he attempted to halt, but his car slid on the wet pavement.

**THE WOMAN** said she was headed east on W. 8th and saw a car making a left turn in front of her. She said she did not see DeBee's car until they collided in DeBee's lane.

DeBee was cited on a charge of illegal auto registration and Mrs. Wilson was cited for failure to yield the right-of-way.

Mrs. Wilson was given a suspended \$10 fine on condition she pay court costs after pleading guilty. DeBee forfeited a \$32.50 bond.

A collision at Monaca St. and Park Way Sunday at 1:47 a.m. damaged a backing 1956 sedan driven by James A. Burgess, 20, of R.D. 2 and a parked 1959 two-door sedan owned by Donald R. White, 1099 Pennsylvania Ave.

**BURGESS** told police he was backing from Park Way onto Monaca St. when his auto bumped White's.

There was damage to the right rear door and fender of the Burgess car and the left front fender of the White auto. Burgess was cited on a charge of improper backing.

Burgess was fined \$25 and costs by Judge Samuel M. Chertoff but imposition of the sentence was delayed until July 15. If the defendant makes arrangements to pay for damages, the court will consider that in lieu of the fine, the judge said.

**SPENCER** was cited on a charge of failure to yield the right-of-way.

Spencer is scheduled to appear next Monday before Judge Chertoff.

Klubert told police he was headed south on Walnut St. and crossing the railroad tracks, believing he had the right-of-way.

when Spencer pulled in front of him.

There was damage to the right front fender of Klubert's car and the left front door of Spencer's vehicle, officers said.

## Ordaz Wins Mexican Vote

By JACK RUTLEDGE

MEXICO CITY (AP) — Government candidate Gustavo Diaz Ordaz, 53, was chosen Mexico's next president Sunday in one of the quietest elections in the nation's history.

His lone opponent was Jose Gonzalez Torres, 44, of the Party of National Action—PAN—which charged voting irregularities in a dozen states.

The federal electoral commission and high officials said there was a clean election and there were no disturbances.

The final count will not be known for days. Only fragmentary returns were announced Sunday night. These were overwhelmingly for Diaz Ordaz, but not the 90 per cent lead he had been expected to get.

## Malawi Gets Freedom As New Country

By ADRIAN PORTER

BLANTYRE, Malawi (AP)—With fireworks and mountain bonfires lighting up the sky, 50,000 wildly cheering Africans celebrated the birth of Malawi early today.

At midnight the former British protectorate of Nyasaland became Malawi, Africa's 37th independent nation, after 73 years of colonial rule.

Dr. Hastings Banda, prime minister of the infant nation, presided at ceremonies as the Malawi flag of black, green, and red horizontal stripes replaced the British Union Jack.

Prince Philip, husband of Queen Elizabeth II, and Governor Sir Glyn Jones, represented Britain at the celebration in the central stadium, which included tribal dancing and military parades. Jones now becomes governor-general of Malawi, the queen's representative in the 18th member nation of the British Commonwealth.

Bench Warrant Due For Man In Tax Case

A bench warrant was ordered today for a city man who failed to appear for a Municipal Court hearing on two income tax violations.

Judge Samuel M. Chertoff issued the capias for Herbert T. Dorsey, 946 Lisbon St., whose case had been continued from June 24 to allow him to settle with the city income tax department. Dorsey had pleaded to charges of failing to file a final return on 1963 income and an estimate of 1964 earnings.

When D. G. Wilkinson, tax commissioner, advised the court that no payments had been made, the judge ordered the warrant. Similar charges against Ernest Bell, 517 Virginia Ave., were dismissed on payment of court costs after the defendant settled with the tax office.

## Housewife Wanted Her Money's Worth

GLASGOW, Mont. (AP) — Belled, sirens sounded. Firemen from three trucks scurried about until the gas was shut off from a flaming dryer at a coin-operated laundry.

Through all the confusion, a frugal housewife methodically put her laundry through an ironer.

"I put my coins in the ironer before the fire started and I wanted to get my money's worth," she told Fire Chief Jim Kruzich, who asked why she stayed through all the fuss.

When the trucks returned to the station the unidentified woman was still doing her ironing.

## Miss Barbara J. Stevens Weds Alfred Crosby Jr.

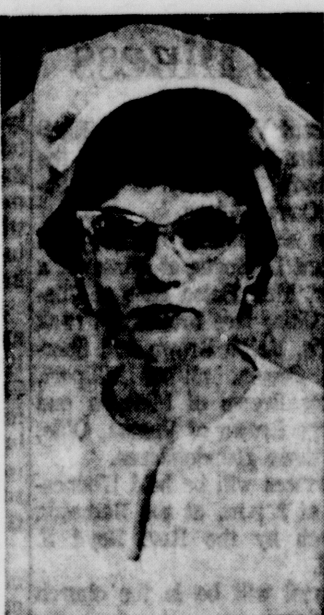

Miss Barbara Jean Stevens, daughter of Mr. and Mrs. Fred H. Stevens of Kelly Ave., Glenmoor, became the bride of Alfred W. Crosby Jr., son of Mr. and Mrs. Alfred W. Crosby of Hyannis, Mass., in a quiet informal wedding the afternoon of June 27 at 4:30 o'clock in the chapel of the Indianola Presbyterian Church in Columbus. The Rev. Harold Meyers officiated.

The bride, given in marriage by her father, wore a classic sheath of white textured silk which featured a cropped jacket with three-quarter length sleeves. Her shoulder-length veil was held in place with a matching Dior bow. She carried a colonial arrangement of white sweetheart roses and carnations. Her only jewel was pearl earrings, a gift of the bridegroom. The familiar traditions were observed.

Miss Carolyn Romshe, a former college roommate, was a maid of honor. She was attired in a pink sheath, also of textured silk, fashioned identical to that of the bride. Her headpiece was a Dior bow with a matinee veil. She carried a bouquet of pink rosebuds and white carnations.

Rudolph Storch was best man. A dinner party for the immediate families and close friends followed at the Olentangy Inn.

Low arrangements of pink carnations and white snapdragons accented the three-tiered cake, topped with pink and white rosebuds which also cascaded down the sides. Tall white ta-

pers in silver candelabra completed the setting.

The bridegroom is an instructor in the history department at Ohio State University, where his bride also will teach while completing her dissertation for a Ph. D. degree in modern European history.

Following a honeymoon at St. Croix in the Virgin Islands, the couple will reside in a newly-furnished apartment at Columbus.

For traveling, the bride chose a three-piece mocha linen suit with straw accessories and wore the white roses which centered her bridal bouquet.

## Miss Ruth Ann Hammon, Robert C. McKinnon Wed

Attired in a floor-length gown of nylon lace over taffeta, Miss Ruth Ann Hammon, daughter of Mr. and Mrs. Wilbur Dale Hammon, 761 Sophia St., became the bride of Robert Charles McKinnon, son of Mr. and Mrs. Charles E. McKinnon, 620 Jefferson St., the morning of June 27 at St. Aloysius Catholic Church.

The Rev. John P. Cunningham, an assistant pastor, performed the double-ring ceremony in the presence of 150 guests. Mr. and Mrs. James O'Reilly providing the nuptial music.

The bride was given in marriage by her father. Her gown was fashioned with a scalloped square neckline with iridescent sequin trim and long pointed sleeves. The full skirt featured a ruffled back. Her fingertip silk tulle veil fell into soft folds from a coronet crown. She carried a bridal arrangement of large yellow-throat orchids and baby orchids on a white mis-sal.

Miss Sarah Marie Kinne was matron of honor. She wore a floor-length blue taffeta gown with Chantilly lace bodice and a white nylon hat with a theater veil. She carried a colonial bouquet of white carnations and pink roses.

The bridesmaids, attired in gowns identical to the one worn by the maid of honor, included Miss Anna Mae Horton, Mrs. Doris Dawson, and Miss Vickie Dawson. They carried colonial bouquets of white and pink carnations.

Terry Fone and Darlene Spencer were flower girls. They wore white Chantilly lace dresses and white Dior bows. They carried colonial bouquets of white carnations.

The bride's mother chose a baby blue ensemble with white accessories and the bridegroom's mother was attired in a powder blue lace dress with white accessories. Both wore white carnation corsages.

## 24 Negroes Due Canton Hearings Following Scuffle

CANTON, Ohio (AP) — Ten adults and 14 juveniles, all Negroes, were arrested and jailed following a scuffle over a sidewalk incident in front of a roller skating rink.

The scuffle broke out Saturday night when some youths, authorities said, refused to heed a police order to stop blocking a sidewalk in front of the Pathfinder Roller Rink.

Five policemen went to the aid of the two officers normally on duty at the rink in the predominantly Negro section to quell the disturbance.

Those arrested were jailed on charges ranging from resisting arrest and assaulting a police officer to obstructing a public sidewalk.

Officers said this was the first outbreak at the rink, although friction had been building up for some time among groups of men and women from Massillon, Canton and Waynesburg. They said an argument over such things as which boy should skate with what girl preceded the scuffle.

## Cub Scouts In Newell Plan To Enter Parade

Plans were made to march in the Newell firemen's parade July 24 when Cub Scout Pack 10 met Friday night at the home of Mrs. Anne Carnahan, den mother.

Mrs. Ronald Eckleberry, finance chairman, gave a report. Mrs. Delmar Jividen, program, said plans are being made to take the Cubs to a Shrine Circus Saturday. The boys will meet at Wells High School. The time will be announced.

More plans were made for a Pinewood Derby — a race of model cars — on Aug. 8. The place will be announced. Art DeLong presided.

The deepest well drilled for water reached 7,009 feet in Australia.

## Suburban Cheese

SCARSDALE, N. Y. (AP) — Westchester County conservation officers this summer will use nets to catch Canada geese which have given up migrating for comfortable suburban life.

The officers said more than 2,000 geese had settled on area lakes because well-meaning citizens had been feeding them. Some residents complained the geese were menacing their children.

## Ariel A. Yost, R. C. Geisler Wed In Parma Ceremony

Miss Ariel Ann Yost, daughter of Mr. and Mrs. George E. Yost of N. Market St., Lisbon, was married Friday, June 26, to Raymond Carl Geisler, son of Mrs. Charles R. Geisler of North Olmstead and the late Mr. Geisler.

The candlelight double-ring ceremony was performed at 7 o'clock in the chapel of the Ridgewood Methodist Church of Parma in the presence of the immediate families. Chaplain Edgar G. Moore of Baldwin-Wallace College officiated.

Miss Adeline Huss presided at the organ for the traditional wedding march and other selections.

The bride was given in marriage by her father. Her gown was of cluny lace in A-line design, with a molded bodice, jewel neckline and long tapered sleeves. Her headpiece was an imported French floral spray of lilies of the valley with a bouffant snood veil.

She carried her Eastern Star Bible with a white orchid. She also carried a handkerchief of lace made by her great-great-grandmother. She wore a pearl necklace and earrings, a gift of the bridegroom.

The bride was attended by Mrs. Norman Pregenzer of Youngstown, her cousin, as ma-

tron of honor, and Miss Sandra Johnson of Lakewood as bridesmaid. Mrs. Pregenzer's dress was of powder blue organza with princess fitted bodice, three-quarter sleeves and scoop neckline, topped an A-flared skirt.

Miss Johnson's dress was of light blue organza of the same design. Their headpieces were plateaus of rosebuds and leaves. Both attendants carried bouquets of majestic daisies in a cascade design.

The bride's mother wore a pink linen and lace sheath dress with pink and white accessories and the bridegroom's mother wore an aqua chiffon dress with aqua and white accessories. Both wore corsages of carnations.

James Scott of Cleveland served as best man and Kenneth Skipworth of Rocky River was usher.

A reception for over 100 followed the ceremony in the Valley Forge Room of the Holiday Inn of Brook Park. Music for dancing was furnished by the Jay Terry Quartet. A three-tiered cake with the traditional bride and bridegroom, centered the buffet table.

Mrs. Geisler is employed with the Curtis Publishing Co. on the staff of the Saturday Evening

Post and Geisler is a sales engineer with the Metal Equipment Co. Cleveland.

Mrs. Geisler was graduated from David Anderson High School and attended Kent State University. Geisler was graduated from North Olmstead High School and attended Memphis State University and San Jose University. He served four years in the Navy as a flight engineer, stationed in Hawaii.

Upon their return from a wedding trip to Montreal and Cape Cod, the couple will reside at 23629 Delmore Dr., North Olmstead.

celebration, as thousands turned out to jam parks and pools.

A brief shower that fell Friday night ushered in the cooler temperatures. The weather was downright chilly in the shade Saturday for persons attired in the usual skimpy holiday garb. But under a slight warming trend yesterday, the area had perfect weather for outings.

Resorts throughout the district were jammed with thousands on Saturday and the crowds were almost as heavy yesterday.

The Ohio weatherman had forecast scattered showers for late Saturday, but fortunately they did not materialize.

The attendance at the Thompson Park Pool Saturday was only 117, but jumped to 370 Sunday, according to Joe Walters, park superintendent.

He said all the picnic facilities were filled July 4th and practically all were in use Sunday. He estimated the crowd each day at 500 to 600.

At East Palestine, a crowd estimated at 5,000 watched a display of fireworks Saturday night at the City Park. The display was sponsored by the park commission.

Cold weather was blamed by Supt. N. T. Holbrook for relatively light crowds at the Tomlinson Run Park swimming pool both Saturday and Sunday.

Holbrook said that there were only about 300 swimmers Friday, while over 500 donned bathing suits at the pool Sunday.

Holbrook also reported that well over 12,000 participated in boating and picnicking activities during both days.

## 5 Die When Plane Rams Mountain

KETCHIKAN, Alaska (AP)—All five crewmen aboard a twin-engine Coast Guard search plane were killed when they crashed into a mountain, only a minute or two from their base at nearby Annette Island.

The burned and battered wreckage was spotted from the air late Sunday. It was mashed into the woods 2,000 feet above the Pacific Ocean and only 200 feet from the top of Dall Head on Gravina Island.

The Coast Guard reported there was no chance that any of the fliers survived.

The last word from the amphibious Albatross plane — returning in the dark and murky drizzle Friday night, after a search for a grounded fishing boat — was a request to turn on landing strip lights at Annette Air Station.

## Couple At Clarkson Returns From Trip On Church Plans

Mr. and Mrs. Earl Davis of Clarkson have returned after a business trip to Columbus to confer with officials of the Ohio office of the Department of Industrial Buildings on plans for construction of a new basement for the Clarkson United Presbyterian Church.

With the plans accepted, construction is scheduled to begin today. Davis is one of the trustees of the church. Church services will be held in the church annex until the work is completed.

Clarkson Grange will be host at a dinner served to the Senior Veterans Club of Columbiana American Legion Post 290 on Thursday. The home economics committee of the grange will be in charge. It is headed by Mrs. Edith Thompson.

It is a regular dinner meeting of the club. Harry Ferrall of the Columbiana - Leetonia Rd. is president.

There will be no Grange meeting Thursday night, as Reuben Langer, master, will be on vacation. The next session will be Thursday, July 16.

The United Presbyterian Women's Association will hold a church picnic Sunday at 1 p.m. at Beaver Creek State Forest

## Daughters Of America Seats New Officers In Lisbon Rite

Mrs. Margaret Galbreath was installed as counselor and her daughter, Mrs. Delores Krause, became associate counselor in an installation rite held Thursday night in Lisbon by the Daughters of America.

Mrs. Elsie Pete, retiring counselor, conducted business. Twenty-seven attended. The installation was in charge of Mrs. Mildred Hisecox, council deputy.

Those serving with Mrs. Galbreath will be: Mrs. Kathryn Bush, vice counselor; Mrs. Bessie Flagan, associate vice counselor; Mrs. Elizabeth Polite, conductor; Mrs. Lydia Bennett, warden; Mrs. Olive Ogle, outside sentinel; Mrs. Bessie Cullison, inside sentinel; Mrs. Elsie Pete, junior past counselor; Mrs. Sarah Holsue, associate junior past counselor.

Additional Officers Mrs. Thelma Hill, financial secretary; Mrs. Laura Wright, associate financial secretary; Mrs. Virginia Williams, recording secretary; Mrs. Florence Stacey, associate recording secretary; Mrs. Ollie Carnes, treasurer; Mrs. Kathryn Gunn, 18-month trustee.

The regalia for each officer as she was installed was placed by Mrs. Nannie Meehan.

A gift was presented to Miss Laura McKee by Mrs. Pete for her service during the past year.

Cards and games were played and prizes went to Mrs. Gunn. Mrs. Flagan, Miss McKee and Mrs. Ogle.

Hostesses were Mrs. Olive Scott, Mrs. Bennett, Mrs. Elva Fife and Mrs. Myrtle Toot.

Next meeting will be Thursday, July 16.

Quilted and making of bandages took up the morning session.

Following the coverdish dinner at noon, Mrs. Kenneth Clapsaddle presided at business and announced a meeting for all officers and board members will be held at her home, Wednesday, July 29, to plan the program for the 1964-65 season.

## 5 Lose Lives In Astabula County Blaze

JEFFERSON, Ohio (AP)—"I guess they never had a chance," said a neighbor man who made a futile attempt to save five persons who died in a house fire in Denmark Twp.

The victims, ranging in age from 11 to 66, were in a four-room house when a kerosene stove exploded late Saturday night, turning the tar - paper roofed dwelling into an inferno.

Almost four hours after the blaze began firemen found the bodies of three members of the Roy Mayle family—Roy Jr., 13, Troy, 12, and Billy, 11. Also killed were Bill Moyers, 66, and Charles Moyers, 57, both of Brownston, W. Va. The men were brothers of Mrs. Mayle and had been visiting.

Mayle and his wife, away at the time, returned to find the small house enveloped in flames. Firemen restrained them from trying to enter the burning house, 10 miles northeast of here.

Harley Swanson, 32, was the neighbor who sought to reach those trapped inside the crowded quarters. He ran across the dirt roadway in the rural area when he spotted the house afire and kicked in the front door.

But heat and smoke drove him back.

"I hollered if anybody was in there, but there was no answer," said Swanson. He returned home and called firemen.

Fire Chief Edward Hruska said he thought the house burned quickly because flaming kerosene was sprayed about after the stove exploded. Those trapped apparently were "asphyxiated on the spot," the chief said. The house burned to the ground.

A relative told authorities electricity in the Mayle house was shut off two months ago because of what he understood was an overdue bill. The Mayles had been cooking on a kerosene stove and using kerosene and oil lamps, authorities said.

Mayle works at the New York Central system's reclamation shop in Ashtabula. He and his wife have seven daughters, five of them married, and four other sons who live elsewhere. The two daughters living at home also were away when the fire began.

## Salazar Marks Term

LISBON, Portugal (AP)—Antonio de Oliveira Salazar, 75 and the world's most durable head of government, had his 32nd anniversary as premier of Portugal Sunday. There was no public ceremony to mark the date.

## Out Of The Air

By HAL HUMPHREY

### Janice Changes Clothes—And Image

Janice Rule may have hit upon an idea which will set off the next Western trend on TV. "I don't know if I should tell you about it. Somebody may steal it," said the attractive actress as we sat pool-side at her home.

Assured that the best protection for an idea was to Hal Humphrey get it into print first, Janice proceeded to unload.

"Well, it's a Western with a woman sheriff, preferably me, and she would dress very sexy. Here, I'll show you."

Janice disappeared into her colonial mansion and five minutes later was back in an outfit which would have stopped General Custer before Sitting Bull ever got to him.

"Notice the high-heeled boots," Janice said, in her best high-fashion voice, as she paraded around the pool. "The pants are beige suede with a bikini waistline. Then there is the V-cut matching vest and top."

SHE WENT on to explain how the big Western hat should completely cover one eye. But a male chaperone and I were still studying the cut of the vest.

"Now can you imagine a

sheriff like this having any trouble rounding up a posse the way Gary Cooper did in 'High Noon?' Janice asked. "And even though this girl is the slowest draw in the West, nobody ever beats her to it."

"She would have no trouble taking prisoners, but might have to make 60 days the maximum sentence; otherwise there'd be no room left in the jail."

As Janice went on outlining the format of her TV series with the sexy feminine sheriff, she practiced twirling two of the biggest black guns I've ever seen.

"Where'd you get this outfit and the guns?" I asked.

"At Western Costume, where else? It just proves there doesn't have to be this lack of glamour for girls in Westerns, doesn't it?"

JANICE GOT to know Western Costume, suppliers for most of Hollywood's costume movies, when she was recently involved in filming "Invitation to a Gunfight" with Yul Brynner.

"You should've seen the night-gown they put on me in one scene. It was cotton. The collar came up to my chin, and the whole thing was highly starched."

"I must say, though, that my part is better than the average female role in a Western. Usually a gal is seen in the opening

scene, then 10 reels later she reappears to welcome her hero home with a peck on the cheek.

"Now in my Western everything will revolve around this sexy sheriff, who is really very delicate—a lovely, soft creature. I think I'll have her ride side-saddle to keep her more feminine," added Janice, a bemused glint in her eye.

"How do you think the womenfolk would take to this bare-midriffed sheriff?" I inquired.

"I suppose they would be jealous. In fact, that might be how the series would finally end. I'd be killed by the wife of a prisoner who refused to leave jail after his 60 days were up."

AS JANICE went on striding around her pool and patio playing the sexy sheriff in her beige suede bikini top with the V-cut vest, it was a bit difficult to determine just how serious she might be about it all. But her press-agent, Marvin Schwartz, cleared things up.

"You see," he said, after Janice went inside to put her Western costume in a hope chest, "we want to change her image. Too many producers see Janice as a heavy dramatic actress without much sex-appeal."

"It's silly, of course, because you can see for yourself that she is very sexy and has a real comedic touch."

### 4 Hurt When Airplane Crashes Near Shelby

SHELBY, Ohio (AP)—Power failure apparently caused the crash of a single-engine Piper plane near here Sunday which injured four Defiance area residents, the Highway Patrol says.

Roland Dietrich, 40, Patty Dietrich, 16, Terry Dietrich, 13, and Elmer Lane, 22, all of Rt. 8, Defiance, were hurt in the accident. The plane crashed into a field after taking off from Shelby's American Towers Airport. Roland Dietrich was the pilot.

### Charter Bill Approved For Air Hall Of Fame

DAYTON, Ohio (AP)—The U.S. Senate has passed a measure granting a national charter to the national Aviation Hall of Fame to be built at Wright Field here according to the Dayton Area Chamber of Commerce.

The chamber said the bill, introduced by Rep. Paul F. Schenck, R-Ohio, and previously passed by the House, was approved by the Senate Thursday and sent to the President for signing.

## 1,500 Ohio Air Guardsmen To End 2 Weeks Of Training

COLUMBUS, Ohio (AP)—Nearly 1,500 Ohioans return home this weekend. They are coming back from two weeks of training with the Air National Guard's 121st Tactical Fighter Wing in Michigan and Wisconsin.

The last time the three tactical fighter groups and wing headquarters departed from home bases near Columbus, Mansfield and Springfield for annual active duty was in 1961. Later that year, the wing was called to active duty in the Berlin crisis.

About 900 of those departing for Ohio today and Saturday are coming from Capt. Phelps Collins Air National Guard Base near Alpena in northeastern Michigan. The 178th and 179th Tactical Fighter Groups from Springfield and Mansfield are training there, with wing headquarters.

The rest are returning from Lt. Jerome A. Volk Air Guard Base near Camp Douglas in Wisconsin. They belong to the 121st Tactical Fighter Group from Columbus.

Because this unit uses the F100c and F100f Super Sabre Jet—while the others have the F84f Thunderstreak jet—it was

decided to use Volk also. The Wisconsin base has special support equipment for F100 jets.

Both jets primarily are fighter-bombers. They are used to support ground troops by strafing, bombing and firing rockets. Pilots practiced at ground ranges near the two bases and also conducted simulated aerial combat in special areas above Lakes Michigan and Huron.

### Despondent Man Sets Self On Fire And Dies

CLEVELAND (AP)—A Cleveland man who police say was despondent over the recent loss of a girl friend and the drowning of a friend doused himself with gasoline and turned himself into a human torch.

Alex Nagy Jr., 30, died several hours after he ignited a rolled-up paper and set himself ablaze in his front yard Sunday. Fifteen neighbors looked on in apparent horror as the flame-engulfed Nagy cried out: "Help me! help me!"

## Camp Stove Explodes, Burns 5 At Ohio Lake

DOVER, Ohio (AP)—An exploding gasoline camping stove is blamed for a flash fire that destroyed a tent and burned a vacationing Parma high school teacher, his wife and three children Sunday at Atwood Lake.

Union Hospital here with burns of the hands, legs and face were Dick Cast, 29, a science teacher, and his wife, Elinor, 24. Phyllis, 4, Brad, 3, and Kevin, 10 months, were listed in good condition.

Dry celery tops (instead of throwing them away). Powder them fine and store them in a tightly covered jar.

# Hints from Heloise

— By Heloise Cruse —

Dear Heloise: For the increasing number of camping enthusiasts — here is an idea for making an inexpensive but warm sleeping bag: Fold a daron comforter in half (lengthwise) and baste-stitch along the bottom and three-fourths of the way up the side. Cover with inexpensive material or an old bedsheet and use a liner inside to keep the comforter clean.

Use this sleeping bag during the camping season and, come cold weather, remove the basted stitches and use the comforter on your bed.

Total cost should be no more than \$10 (and nothing if you have a comforter) and you'll

get the light weight and warmth of a \$40 bag.  
The comforter could be folded in the opposite direction to make a sleeping bag roomy enough for two small children ...

N. C. H.

DEAR HELOISE: I bought a typewriter table and we use it for everything.

I can roll my portable sewing machine in and out of the closet on it.

It's great for the home movie projector.

When my daughter doesn't want to leave cartoon time for her meals, I can roll a hot meal in to her.

It's wonderful in the sick room.

In fact, I think I'll get another one ... for the typewriter!

JOY.

DEAR HELOISE: This is for mothers who have tiny children. The pretty bonnets they have for little girls always look wilted after they have been washed.

When I wash mine, I wring it out and stuff it with tissue paper while it is still wet. I hang it on the line by its strings and spray it all over with spray starch.

When the bonnet is dry, I press the brim and there is no need to press the rest.

This method makes the bonnet look like the day it was new.

K.M.

Ever tried blowing up a balloon and putting the wet bonnet over it? They are inexpensive, too. ...

HELOISE.

DEAR HELOISE: When you go to the beach, an old flannel-backed plastic table cloth is wonderful for sun bathing. Put the plastic side down and the flannel side up and it is very comfortable.

The sand shakes off easily and it folds to a very small item to tote along with all the other beach accessories.

EVELYN RIEPE.

## Letter Of Laughter

DEAR HELOISE: When I sat down to wait for baby's bottle to heat, in the wee hours of the morning, I would almost fall asleep!

Now, I use that time to set the breakfast table! It saves time in the morning ... and you CAN'T fall asleep while you're walking around!

MRS. E. W.

DEAR HELOISE: The other day when I started to wash our car, I needed a thick pad. This is what I did:

I had an accumulation of dishwashing-size sponges which were too limp for further kitchen use, so I sewed three of them inside a worn terry cloth wash cloth. This made the dandiest pad I ever used, besides cushioning to dig around tire rims, etc.

Also I noticed less water ran down my arms when reaching the top of the car.

I washed the homemade pad, squeezed out the moisture and it dried nicely, ready for the next turn.

## Woman, 58, Dies After 'Mystery' Gunshot Wound

MINGO JUNCTION — A 58-year-old woman who may have shot herself during a dream—according to Jefferson County authorities—died Saturday in Ohio Valley Hospital at Steubenville.

Mrs. William Paice was hospitalized about 3:45 a.m. Thursday. However, Coroner John P. Smarella said she did not die of the gunshot wound. He said she may have died of a lung infection.

Sheriff's deputies said she told them she kept a .38-caliber revolver under her pillow and that she must have pulled the gun out and fired it while dreaming. Deputies said she told them she had been very nervous lately.

Deputies still are investigating. They said the bullet entered the left side of Mrs. Paice's body below the heart and came out above the left hip. The wound was termed a flesh wound.

## R. G. Brian Chosen Again To Head March Of Dimes

County Recorder Richard G. Brian has been named again as chairman of the Columbiana County Chapter of the National Foundation, the organization which conducts the annual March of Dimes drive in January.

Other officers are: John Snyder Jr. of Lisbon, vice president; Mrs. Dorothy Crooks of East Liverpool, secretary, and C. H. Musser of Salem and James K. Allison of East Liverpool, treasurers.

Brian is serving his second year as chairman of the branch of the National Foundation, formerly known as the National Foundation for Infantile Paralysis.

Mrs. Mildred Oliver was named to head the annual "Mothers March" in the northern county area, while Mrs. Crooks will direct the drive in the southern area. They will name district chairmen.

District chairmen are: Mr. and Mrs. Ed Broderick, Wellsville; Mrs. Roy Beckwith, Mrs. Charles Mundy and Mrs. Olen Bolles, Salineville - Summitville and Highlandtown; Mrs. Frances Brenner, Hanoverton; Mrs. Sally Candel and Mrs. Dorothy McCormick, Leetonia.

John Snyder and Mrs. Robert Morrison, Lisbon; Mrs. Mary Mellon, West Point-Elkton; Louis Raymond Jr., Salem; Mrs. Eileen Bush and Mrs. Ruth Perkins, Damascus; Mrs. Mildred Oliver, East Palestine-Unity - Rogers; James Magill, Columbiana, and David Anderson and James (Wally) Crooks, East Liverpool.

Brian announced that the

drive last January produced \$13,391 in all, a gain of \$845 from the 1963 campaign.

Overall collections by communities or areas were: East Liverpool, \$5,330; Salem, \$2,986; East Palestine, \$1,028; Columbiana, \$1,011; Wellsville, \$946; Lisbon, \$685; Salineville, \$469; West Point - Elkton - Rock Camp, \$302; Leetonia, \$297; Hanoverton, \$225, and Damascus, \$108.

Several new cases requiring aid were brought to the chapter's attention. Brian pointed out cases of birth defects and arthritic diseases now are part of the task of the March of Dimes.

Driver Hospitalized

Lisbon Man, 22, Cited In Mishap

A Lisbon area man was hospitalized and two others were injured in a two-car head-on collision Sunday night at 10:45 on Route 170 near Fredericktown.

The State Highway Patrol at Lisbon said the crash involved a car driven by Forrest Van Newkirk, 22, of Lisbon R. D. 3

for speeding and driving left of center, was in "fairly good" condition today at City Hospital with a mild cerebral concussion and abrasions and contusions of the left leg and right wrist.

McGrew was treated for lacerations to the bridge of his nose, abrasions and contusions of the left shin and contusions of the left thigh. His wife, Mrs. Clara McGrew, suffered a mild concussion and lacerations of the lips and left leg.

The patrol investigated 12 accidents, all since Friday night at 9.

Cars driven by Alma J. Meredith, 45, of Boring Ln. and Larry Dean Cline, 18, also of Boring Ln. were involved in a minor crash Saturday at 11:40 a.m.

THE MEREDITH woman pulled from a side street into the side of the Cline vehicle, officers said. She was cited for failure to yield the right-of-way and is slated to appear Tuesday morning in Municipal Court.

A 1964 Volkswagen driven by James Orville Roberts, 32, of Salineville R. D. 2 was demolished Saturday at 5 a.m. when he rammed into guardrails along Route 39 three and a half miles west of Wellsville.

Officers said Roberts was westbound when he apparently fell asleep and ran off the left side of the highway.

Roberts suffered a laceration of the right arm and bruise of the right shoulder. He was cited for speeding and driving left of center.

Fake Officer Takes \$2,000

Jefferson County authorities pressed a search today for a man dressed in police uniform and an accomplice who obtained \$2,000 early Sunday from Howard Jones, manager of the Debo Park Speedway there.

Jones told the sheriff's office at Steubenville he was stopped at 1:35 a.m. on Cole Hill by a car with a flashing red light.

One man got out of the car, Jones said. Dressed in a policeman's uniform, he held Jones at gunpoint and took the \$2,000, representing the holiday receipts at the track.

He said the fake policeman then fled in an auto driven by an accomplice. The getaway

car headed west toward Wintersville, Jones reported.

Despite a widespread search of the area, law enforcement agencies were unable to apprehend the two suspects.

Chinese Beatles Sing Too Loud, Lose Locks

TAIPEI, Formosa (AP)—Police broke into a house in Taipei early Sunday and found four teen-agers with Beatle hairdos entertaining a swarm of fans.

"The four Chinese Beatles were even noisier than the British Beatles," said a policeman.

The quartet was taken to a police station and their parents summoned. The parents made one request and police cheerfully complied.

They shaved the youths' heads.

two auto thefts and the burglarizing of the Ed Tice Food Mart on Carolina Ave. early Friday morning.

Officers believe that the same parties are guilty of stealing a Weirton auto, driving to Chester and taking an undetermined amount of money from the cash register in the Tice establishment and then stealing a Goddard Bakery truck to gain transportation back to Weirton. Both stolen vehicles have been found.

Auto Crash Kills Mother, Dad Of 12 In New York

RONKONKOMA, N.Y. (AP)—"I had to tell the kids their mother and father were dead. Twelve kids! The young ones, they don't really understand yet."

The words of Suffolk County police Sgt. Roy E. Plume also revealed a personal tragedy: The dead father was his brother.

Killed in a head-on auto crash Sunday were Clinton Plume, 42, and his wife, Jean, 35.

The Plumes were the parents of six boys and six girls, ranging in age from 8 months to 17 years.

JOSEPH JOHN Chuey Jr., 22, of Lisbon R. D. 1 was cited for speeding and driving left of center after a one-car crash Saturday at 2:30 a.m. on Route 164 three and eight-tenths miles south of Lisbon.

Officers said Chuey's car went off the left side of the road, through a fence and continued until striking a pole. The vehicle then returned to the highway.

A car driven by David Roy McKenna, 20, of Aliquippa, Pa., was struck in the rear by another driven by George Gorbey, 17, of Negley Sunday at 6:10 p.m. on Route 172 just over a mile south of East Palestine.

McKenna had slowed on the highway. Gorbey was cited to Juvenile Court.

Officers checked four other accident Sunday, two others Saturday and one Friday.

5 New Tuberculosis Cases Listed In June

LISBON — Five new cases of tuberculosis were reported by the Tuberculosis Control Clinic in June, according to a report of the clinic to county commissioners.

Dr. F. G. Kravec of Youngstown, director, reported he held 13 consultations. Five patients were admitted and four were discharged from sanatoriums and eight patients were started on medication. The control clinic gave 88 X-rays and 133 Mantoux tests during the month.

There were 16 patients in hospitals, with a breakdown showing: Five in veterans hospitals, One in Mahoning County Sanatorium; three at Molly Stark Sanatorium; two at Rocky Glenn and five at the Ohio TB Hospital. There are a total of 150 patients now on medication which is in charge of the control clinic, Dr. Kravec said.

A 31-story travel terminal is due to be built at Hammamatsucho, near the heart of downtown, Tokyo, in 1967. The \$85.5 million structure, tallest office building in Japan, will be a hub of helicopters, buses, monorail, and will be connected with three highways, the subway system and nearby Takeshiba Pier.

# Fire Damages Movie Theater In Cleveland

CLEVELAND (AP)—A \$50,000 fire hit the newly renovated Loew's Ohio Theater, 1513 Euclid Ave., Sunday. The blaze, caused undetermined, was confined mostly to the lobby and rest room areas, destroying carpeting and murals, the mezzanine ceiling and chandeliers. A janitor in a nearby theater smelled smoke and summoned firemen around 6 a.m. It took firefighters a half hour to bring the blaze under control. One fireman was treated at a hospital for smoke inhalation.

Police making routine rounds found the body of Hope, a piano player at a Cleveland burlesque house (Roxey Theater). He had been arrested Saturday night for intoxication after a domestic quarrel at his Euclid home, police said.

# Steel Lag Due In Early Fall

CLEVELAND (AP)—Market analysts expect September steel shipments to be the slowest of the year, Steel Magazine said today.

It cited two reasons:

—The month has fewer shipping days than July and August.

—Shipments to automakers probably won't accelerate enough to offset seasonal downturns in shipments to the construction and container industries.

The third quarter dip will be relatively shallow this year, the metalworking weekly added. "Mill shipments may be 10 to 12 per cent lower than those of the quarter just ended, but they'll be at least 10 per cent higher than those of the corresponding period last year."

Steel said marketing men are pinning their hopes for a good third quarter on two main points:

—Steel consumption is at the highest level in history.

—Steel inventories held by users are low.

The magazine estimated steel production for the week ending July 11 to be slightly higher than the 2,290,000 tons the industry poured last week. Operations are at an annual rate of 119 million tons.

"Prospects for July and August have brightened considerably in the wake of the surprisingly heavy orders that steel producers booked in late June," Steel said.

Steel's price composite for No. 1 heavy melting grade scrap was \$34,000 a gross ton last week, up 83 cents from the previous week's price of \$33.17.

# 'Family Togetherness' Shelved In New Home

By VIVIAN BROWN  
AP Newsfeatures Writer

New ideas in home improvements originate sometimes when designers or architects cannot find exactly what they want for a particular home. So they design it.

So it was at one of the three houses of Good Taste at the World's Fair, explains Eugene Stephenson who was co-designer with Ellen McCluskey and Everett Brown.

"Though it is a traditional house, and the kitchen with its island cooking arrangement is in a contemporary mood, I thought it would be nice to have a floor covering that was in an early American theme," he says.

What he came up with was a hooked rug design in vinyl in one-foot squares that can be put down in any plain - color floor to "permit a nice soft finish, with all the easy care of the hard surface." It was installed like an area rug in the dining section of the kitchen where a dinette set in wrought iron is another innovation of "Stephenson's."

THE LARGE oval - shape table has a cherry top and wrought iron base. Chairs have wooden seats and metal frames with pillow-back tops he thinks of as Shaker style.

Ellen McCluskey, who "doesn't believe in family togetherness," had an opportunity to send that message home in her decoration of a master bedroom that can be a hideaway. She put a nice big table in the bedroom so that parents "can get away from the clutter in other rooms."

"It's a good place to have a nice quiet retreat when teenagers have the crowd in," she says. "Parents should think of their bedrooms more in terms

of studio rooms when teen-agers overwhelm the house," she explains. "It's something parents should consider when young people are approaching the teen years, and rooms need refurnishing."

"I'd like to see all parents have studio - type bedrooms — their own dining table (drop-leaf is good in small rooms), a desk where they can work quietly away from the hubbub which can descend on them at any time without warning, and a television."

She likes to see a library in a house, if it is at all possible. There are both a library and a family room in the eight-room house of Good Taste.

"It's an ideal place for parents to have small dinner parties if young people are entertaining in the dining room. It's a place too where television may be watched. Libraries are taking over family rooms in many homes where space is limited because they are more restful spots."

ONE OF her pet ideas is at work in the teen - age room. She has always believed that young people should have furniture that can be taken with them when they get married "to give them a start." Later, it can be moved to another room, she says.

What she chose were some early American styles. The stenciled Hitchcock chairs are yellow, other furniture is cherry. There is a folding day bed.

When a house is suburban or country - type, Mrs. McCluskey feels that the view of gardens seen from windows must be taken into consideration when planning furnishings.

"Windows do not require bright patterned fabrics when there are lots of colorful plants, bright bushes and trees outside. It is best to keep walls and draperies in monotones so that bright colors outdoors can come to life," she says.

A LONG, LOW LOOK is given to this ranch house by the attached, two-car garage. It has a luxury appearance on a budget scale. Economy is featured in the arrangement of two bathrooms and kitchen all on the same plumbing line. A wall of closets separates the two front bedrooms and the master bedroom has a huge walk-in closet. Square footage is 1,395 square feet. Architect for Plan HA350C is Lester Cohen, Room 704, 48 W. 48th St., New York, N.Y. 10036.

Here's How To Correct Tight Squeeze In Garage

By DOUGLAS TUOMEY  
One of the chief complaints heard today from home owners is that the garage is too short for their new car.  
Fortunately, in the average case there was about two feet of room to spare between the bumper of the old car and the rear wall of the garage, and another foot or two in the rear, which enables the average new car just to fit into the space.  
However, this tight arrangement usually has caused the rear wall to receive repeated bumps, no matter how slight, and gradually the wall has been slowly pushed away from the floor slab and in some cases seriously weakened.  
To build out the front wall of a garage is quite an expensive matter, since it involves rehanging the doors and changing the roof slope so that it falls properly to the new roof edge. So in many instances the owner

has built out a shed-like addition in the rear wall in order to obtain the additional footage required to accommodate the new car. This is also something of a major operation.  
For the close-fitting car the arrangement suggested here is entirely satisfactory. The car is run in until the bumper is within six or eight inches of the wall and then a 2-by-4 on the two-inch side is laid on the floor and wedged tightly against the front tires. Measurements are then made and two short pieces of 2-by-4 are cut and installed.  
The tires press down upon this barrier rather than push it forward, and at a normally slow speed the car is effectively stopped. In addition to this a 2 by 6 spiked into the wall at bumper height will distribute any occasional ram instead of having it confined to one or two of the studs.

Sewer Clogged? Here's Best Way To End Problem

If you want to get to the root of a clogged sewer problem, do just that — get to the roots.  
Strange as it seems, many sewers become stopped up because they leak. Moisture-seeking tree roots are attracted to such leaks and often grow right into the pipe.  
The Plumbing - Heating - Cooling Information Bureau of Chicago advises there are two principal methods of clearing invading roots from sewer lines.  
The most effective method is to cut them out — a procedure that requires the knowledge and tools of a plumbing contractor. Contractors have a special, flexible auger that can be reeled into waste lines to cleanly cut away all growths. This definitely is not a job for an amateur, since improper use of the

auger can break the pipe and cause even more serious "ingrown root" problems in the future.  
The other root-clearing method is to flush chemical solvents through the lines. This may not be as effective as cutting, but often is used as a preventive to retard further root growth. Your plumbing contractor can recommend the best type for your use.  
It is important to note that cutting and flushing solvents provide only temporary answers to sewer root problems. For a permanent solution, it is necessary to replace the faulty sewer with one of high quality, water-tight material. A sewer with no leaks will have no roots. The bureau advises contacting a qualified plumbing contractor for further details.  
Chocolate coated peppermint-flavored wafers may be melted with a little water and used as a sauce for ice cream.

Murals Bring Added Beauty To Bathroom

AP Newsfeatures

Kitchens and bathrooms are two areas where home owners can satisfy their desires for bright colors, broad patterns and individual decorating touches.

Striking designs and brilliant hues that might be out of place in other parts of the house are greeted with cries of delight and admiration when displayed in the kitchen and the bathroom.

It is there, for instance, where you will find the unusual and off-beat in wallpaper, perfectly acceptable as long as there is a harmonizing note in the over-all motif.

A typical example of what can be done in the bathroom is the application of a new 5-foot-wide accent panel of plastic-finished hardboard.

Placed on the wall over the tub, one of these panels transforms the wall into any one of nine attractive scenes and designs, including a seascape, a mountain view, a desert and Oriental setting.

The murals feature gold-on-white artwork, with gold anodized moldings. Matching white panels are available for the side walls. The panels can be installed on any solid backing.

First step in the installation process is laying a heavy bead of caulking around the top of the tub, installing edge molding and adding a thick bead of caulking in the molding channel. A notched spreader is used

to apply a thin coat of special mastic to the back of the hardboard panel. The mural then is placed in position on the wall, with a certain amount of pressure to assure a strong bond, after which the inside corner moldings are cut and nailed into place.

The end walls are measured, and the white side panels cut to fit. They also are attached to the walls with the mastic. The outside corner moldings are fitted and installed, using a hammer and wood block to tap them into place.

To complete the installation, another thin bead of caulking is laid around the moldings, an extra precaution to insure a water-tight job.

The 5-foot-wide mural panels can be obtained at most lumber and building supply yards in either five-foot or six-foot heights.

Prisoners Lose 2 Games, Umpire

SOUTH BEND, Ind. (AP) — The Indiana State Prison softball team lost not only a double-header Sunday night but also its umpire.

Inmate Raymond F. Johns, 40, Kokomo, finished umpiring the games with Youn's Nursery team of South Bend and then walked away from Potawatomi Park. Police said a 1963 station

wagon was stolen at the park, and they believed Johns was in it.

Johns, sentenced to 10 years for armed robbery, was wearing a prison uniform dyed blue for umpiring.

The prison team lost 2-0 and 12-0.

# Camp Fire Event Concludes Pine Ridge Camping Session

A camp fire program Saturday night marked the close of the first session of the 1964 season at the YMCA's Pine Ridge Camp in Madison Township. Forty-five leaders and campers participated. Ribbon awards were given for various events. The second session of the camp got under way Sunday afternoon for girls 10-14. It will close next Saturday.

In the camp fire event, awards for the track meet were presented to: 25-yard dash: Bobby Bourne, Scott Carnahan and Dan Parsons; 50-yard dash: Jack Jordan, Bobby Bourne and Harry Williams; 100-yard dash: Jack Jordan, Bobby Bourne and Harry Williams. Softball throw: Carl Gaston, Scott Carnahan and Eric Hoppel; standing broad jump: Harry Williams, Danny Parsons and Jack Jordan; volleyball shotput: Ray Hooper, Carl Gaston and Eric Hoppel; crab race: Hans Dietz, David Butler and Paul Eskne. Monkey crawl race: Scott Carnahan, David Mitcheson and Sammy Peterson; junior marathon: Bobby Bourne, Carl Gaston, Harry Williams, Jack Jordan and Scott Carnahan.

In the swimming meet, awards went to: 20-yard free style: Steve Sulkes, Carl Gaston and Alan Moyer; 40-yard free style: Steve Sulkes, Sam Peterson and Greg Osborn; 100-yard swim: Steve Sulkes, Leon Rubin and William Derrington; plunge for distance: Scott Carnahan, Steve Sulkes and Leon Rubin.

Twenty-yard back stroke: Carl Gaston, Leon Rubin and Greg Osborn, and 40-yard back stroke: Leon Rubin and Hans Dietz with no third place winner. William Derrington won the checker championship with Craig Osborn as runnerup. Steve Sulkes won the horseshoe championship and Paul Amos was runnerup. Cabin 1, led by Fred Lightfoot, won the cabin inspection.

The table-setting award went to Cabin 4, with Kenny Seibert as leader.

Team 1, captained by Dale Diddle, won the soccer championship and also was runnerup in the softball tourney. Members of the winning team were Diddle, Charles Wolfe, Alan Meyer, Harry Williams, Steve Sulkes, Bobby Bourne, Dave Mitcheson, Charles Cramer and Greg Osborn.

Team 2, captained by Carl Gaston, won the softball tourney and was runnerup in the soccer tourney. The players were Gaston, Tommy Carnes, Eric Hoppel, Steve Wiegand, Hans Dietz, David Barker, Mike Wiegand and Richard Schlang. Another session for boys 8-9 on Aug. 16-19 will conclude the season at Pine Ridge.

## Congo Eyes New Cabinet

LEOPOLDVILLE, the Congo (AP)—Moise Tshombe, former secessionist president of Katanga Province, announced today he would try to form a new Congolese government with himself as premier.

Tshombe said President Joseph Kasavubu had named him premier-designate. He said he was optimistic he could put together a Cabinet of "national reconciliation" to pacify the Congo's many warring factions. Tshombe said he had received assurances from the Rebel Committee of National Liberation based in Brazzaville, just across the river from Leopoldville.

He added that as a token of their good faith, the rebels had ordered a halt in antigovernment hostilities in Kwilu, Kivu and North Katanga provinces. Kasavubu had named Tshombe to consult with political bosses and report back. During the past week since his return from voluntary exile, he has met with leaders of all tendencies.

Tshombe will attempt to form a transitional government to prepare for new legislative elections following outgoing Premier Cyrille Adoula's resignation on June 30 and ratification of a new constitution which is now under way.

Tshombe claimed he had received the support of all save "a few individuals, athirst for power."

But political observers noted that several statements signed jointly by Tshombe and other leaders were partially or wholly repudiated by the leaders almost as soon as the ink on their signatures was dry.

## Man, 40, Hurt In Auto Crash

A motorist was hurt and his auto was demolished when the vehicle went off Route 2 and rolled onto railroad tracks between New Cumberland and Weirton Friday night at 11:30. Hancock County sheriff's deputies at New Cumberland reported. It was one of two weekend mishaps investigated by the sheriff's department.

Rancel Stewart, 40, of New Cumberland R.D. 2 was treated at Weirton General Hospital for cuts and bruises. Cited by deputies on charges of hazardous driving, he will appear in the court of New Cumberland Squire John D. Herron tonight.

Two other motorists are slated to appear in Squire Herron's court tonight after being involved in a two-car collision Saturday night around 10 at the intersection of Route 2 and Kings Creek Road.

Clarence A. Riggs, 54, Sistersville, will face charges of failure to yield right-of-way, while Warren Powell, 37, of Ft. Meade, Maryland, is charged with hazardous driving.

Olivia Callaway, a passenger in Powell's auto, was taken to Weirton General Hospital with cuts and bruises. Deputies said the Riggs auto sustained about \$150 damage, while Powell's car received an estimated \$250 damage.

## New Report Clarifies Car Crash At Rogers

ROGERS — A car operated by Gail Holsinger, 17, of Walnut St. was struck in the rear by another driven by James Todd, 18, of Mill St. Friday, a clarification of the accident report today disclosed.

Holsinger was parking his auto along Route 154 west of Route 7 when the mishap occurred.

## Hancock Young GOP Will Meet On Tuesday

The Hancock County Young Republican Club will meet Tuesday night at 7:30 in the County Courthouse to make plans for a picnic and political rally sometime in August. William Wright, vice presi-

dent, will preside in place of Charles Sole, president, who is a patient at Weirton General Hospital.

Club officials said the six-member committee will meet sometime this month to choose the high school and college students who will attend a youth camp at Webster Springs this summer.

## Garbage Check

VANCOUVER (AP)—The city is paying 10 university students \$13.37 a day this summer to follow garbage trucks on their rounds to check the number of garbage cans and describe what they contain as part of a survey of the British Columbia Research Council.

A's Jimenez Rips Orioles, 3-1

Phils Sweep Giants, Take Lead

Killebrew Hits 30th Home Run

By MURRAY CHASS Associated Press Sports Writer

Manny Jimenez, the ram-bunctious revolutionary, still may have problems, but he won't get any sympathy from the Baltimore Orioles.

Jimenez powered the lowly Kansas City Athletics to a 3-1 victory over the American League leading Orioles Sunday less than 24 hours after he ripped Baltimore pitching for three home runs in five innings.

The 25-year-old native of the Dominican Republic doubled home two runs and scored the third as the Athletics climbed out of the cellar for only the second day in more than a month.

Jimenez has experienced assorted difficulties since his rookie season in 1962 when Athletics' owner Charles O. Finley ordered him to hit home runs.

His latest problem came early last month when the Athletics decided to ship him to the minors.

"I quit," the volatile Jimenez threatened. "I will not report. I think I'm a better ball player than others they have on this club. I don't want to go back to the minors. I will go home first."

However, Jimenez agreed to report to Dallas of the Pacific Coast League, perhaps after recalling home as he left it in the spring. That's when the outfielder was fined \$200 for reporting late to spring training.

"I have to fight in revolution," he said at the time, trying to explain his tardiness.

But Jimenez survived the revolution and Dallas. In fact, although his batting average is a mediocre .241, he's hitting .283 since his return to Kansas City.

In other American League games Sunday, Minnesota bombed New York 9-2, Chicago shut out Cleveland 2-0 and 5-0, Detroit swept Washington 7-6 and 3-0 and Boston downed Los Angeles 9-6.

Pitcher John O'Donoghue and George Williams singled in the third before Jimenez doubled. Rocky Colavito then singled in Jimenez. Bob Johnson homered in the third for Baltimore. O'Donoghue gave up five other hits until he needed relief help from Wes Stock in the ninth.

Harmon Killebrew clouted his 30th home run and added three singles as the Twins stopped Whitey Ford's 10-game winning streak, handing the ace southpaw his first defeat since opening day. Tony Oliva contributed two doubles and a single to Minnesota's 19-hit attack.

The White Sox increased their shutout mastery over the Indians to three straight games. Juan Pizarro scattered seven hits in the opener as Mike Hershberger and Pete Ward slammed consecutive homers with two outs in the first inning. Cleveland's Jack Kralick allowed only two more hits the rest of the way.

Joel Horlen came back with a four-hitter in the nightcap, permitting the Indians just two hits after the second inning. Horlen aided his own cause by squeezing home a run with a bunt in the second inning.

Joe Sparma hurled a four-hitter for the Tigers in the second game. He also led the offensive punch against the Senators, driving in two runs with a triple in the fifth and scoring on Billy Bruton's double.

Errors by Don Blasingame and Jim King helped Detroit score three runs and break a 4-4 tie in the fifth inning of the opener. Don Zimmer's two-run homer in the ninth brought Washington to within one run. Chuck Hinton connected with one on for the Senators in the third.

Boston won a slugfest from the Angels on Tony Conigliaro's three-run homer in the eighth. Willie Smith's run-scoring single had given the Angels a 6-5 lead in the seventh, but Dick Stuart had given the Angels a 6-5 lead in the seventh, but Dick Stuart tied it minutes later with a home run. Smith previously drove in two runs with a single and scored a run after lashing a triple.

HARMON KILLEBREW, the Minnesota Twins' slugger, rips a single in the seventh inning Sunday at New York. Earlier the All-Star slugger hit his 30th home run of the season sparking a devastating 19-hit attack by the Twins that carried them to a 9-2 victory over the Yankees. Killebrew went four for five. American Hurlers May Be Tired

Nationals Have Pitchers Rested For All-Star Tilt

By MIKE RATHET Associated Press Sports Writer

NEW YORK (AP) — The National League leads the American League 2-0 in rested pitchers going into Tuesday's All-Star Game.

Of the 15 hand-picked pitchers for the All-Star classic, 13 saw action during the weekend, leaving the National League with a distinct advantage in its bid to even the over-all series between the leagues at 17 victories each.

Walt Alston of the Los Angeles Dodgers, manager of the National League team, had Don Drysdale of the Dodgers and Philadelphia's Chris Short sufficiently rested.

But Al Lopez of the Chicago White Sox, the American League skipper, had a cupboard like Mother Hubbard's.

It was suggested that Lopez line his pitchers up and call for volunteers to take one step forward. The starting assignment was to go to the last man stepping backward.

In the absence of such a maneuver, Lopez was expected to tap Minnesota right-hander Camilo Pascual for the opening shot on the mound while Alston was expected to nominate Drysdale, also a right-hander, since both line-ups are stacked with right-handed hitters.

Some 40,000 tickets have been sold for the 35th All-Star Game, to be held for the first time at the new, 55,000-seat Shea Stadium. The game at noon, EST, will be televised nationally.

Two American League stars already have been declared out of the game, and there is a strong possibility that quite a few of the outstanding pitchers in the majors will spend the day in the bullpen.

Reserve outfielder Al Kaline of Detroit was ruled out when the Tigers notified the American League that he had suffered a severely bruised left ankle in Saturday's game. Rocky Colavito of Kansas City will replace him. Earlier, Boston shortstop Eddie Bressoud replaced Baltimore's Luis Aparicio, who is nursing a pulled groin muscle.

The pitching situation has been the same story for many years, prompting Casey Stengel, manager of the New York Mets who will be one of the National League's coaches, to suggest that baseball pass a rule prohibiting use of All-Star pitchers the Sunday before the game.

A Drysdale - Pascual duel would match two pitchers with 0-1 All-Star records. Drysdale, 11-7 during the regular season, has been effective in All-Star action despite his record, allowing only six hits with a 2.45 earned run average in four games. Pascual has allowed four hits in six All-Star innings with a 3.00 ERA.

The result of the game, however, may rest with the sluggers. The American League line-up includes Harmon Killebrew, Bob Allison and Tony Oliva of the Twins and Mickey Mantle of the New York Yankees. The National League muscle men will be led by Willie Mays of the San Francisco Giants and Billy Williams of the Chicago Cubs.

Seventh inning singles by Bob Skinner and Tim McCarver broke a 1-1 tie and gave the Cardinals their victory.

Roger Craig, who allowed 10 hits, went the distance for his fifth victory against four losses. Joey Jay, 4-5, pitched a six-hitter but lost.

Wade Blasingame won his first major league game, hurling an eight-hitter against the Cubs. Mike de la Hoz hammered his first NL homer and Joe Torre clubbed a pair of doubles as the Braves routed All-Star pitcher Dick Ellsworth.

Jerry Lynch clouted his 16th career pinch homer to start the Pirates' late surge and Manny Mota smashed a three-run shot to end it. In between Pittsburgh tagged Dick Farrell and Hal Woodeshick for all their runs.

Farrell, trying for the fifth time to win his 11th game, had a four-hitter for seven innings before Lynch's two-run shot put the Pirates in front in the eighth. Pittsburgh scored five more in the ninth.

NAT FLEISCHER, editor of Ring Magazine who was at ringside, said he scored the fight for Patterson, 7-3-2. He gave Machen the second, fourth and seventh rounds and called the sixth and ninth even.

Patterson weighed 193; Machen, of Redding, Calif., was 199.

A crowd of 40,000 at Raasunda Stadium saw the match between the two American heavies that was an eagerly sought title bout in the United States some years ago until Sweden's Ingemar Johansson knocked Machen out of contention with a one-round kayo.

Lynch HR Fires Bucs To 7-1 Win

By The Associated Press

The gusty wind that shook San Francisco over the weekend wasn't one of Candlestick Park's ordinary breezes. It was created by Gene Mauch's All-Starless Philadelphia Phillies, who blew right past the Giants into first place in the National League.

The Phillies, who failed to place a man higher than third in the voting for the NL All-Star team, looked like first stringers Sunday as they completed a three-game sweep of the Giants with a 2-1 victory.

There was Richie Allen, whose five hits had sparked the first two victories Friday and Saturday, making two putouts on one play as some loose base running broke the back of a Giant rally in the seventh inning.

Jack Baldschun, completed his second save of the big series and ninth of the season by striking out Willie Mays with the tying run on base in the eighth. He also set the Giants down in order in the ninth, fanning four of the six batters he faced.

The clutch play of Sunday's game came in the seventh with Dennis Bennett nursing a 2-1 Phillie lead after Jim Hart's leadoff homer. Bennett struck out Orlando Cepeda but the slugger reached first when the third strike got away. Jesus Alou followed with a single, moving Cepeda to third.

When Del Crandall bounced to Allen, the rookie third baseman caught Cepeda in a rundown and eventually tagged him out. Crandall dashed for second and Alou went to third while the Phillies were chasing Cepeda.

Allen, attempting to get Crandall, fired to second and Alou suddenly broke toward the plate. The Giant rookie was caught in a rundown and eventually tagged out by Allen, completing a double play.

In other NL games, St. Louis topped Cincinnati 3-1, Milwaukee whacked Chicago 7-1, Los Angeles blanked New York 5-0 and Pittsburgh smacked Houston 7-1.

Sandy Koufax won his eighth straight and 12th of the season as the Dodgers moved into a fifth place tie with St. Louis. Koufax, who has allowed only six runs in 69 innings during the streak, got batting support from Willie Davis who drove in three runs with a homer and a double.

Nicklaus Wins Whitemarsh By Nipping Player, Arnie

By RALPH BERNSTEIN Associated Press Sports Writer

WHITEMARSH, Pa. (AP) — "Congratulations Jack, you've won," a well wisher told Jack Nicklaus in the locker room at the Whitemarsh Valley Country Club Sunday.

Nicklaus eyed the visitor and inquired: "Has anyone told Arnie?" Arnold Palmer at that moment was playing the 17th hole and was three strokes behind Nicklaus, who had posted a four-round 12-under-par 276 in the Whitemarsh Open.

"It would be just like him to knock in an eagle and a birdie and tie the thing," Nicklaus said. It was typical of the respect Palmer's colleagues feel for the biggest money winner of them all. Throughout the \$125,000 Whitemarsh Open, the leaders always seemed to look back over their shoulder and inquire, "Where's Palmer?"

Palmer didn't make it this time. Nicklaus' five-under-par 69 final round erased the six stroke 54-hole lead held by Juan (Chi Chi) Rodriguez, and won him the \$24,000 first prize.

Nicklaus edged Player by one stroke Sunday after both came from way back to take the big money. Player, who earned \$16,000 for second place, made up five strokes on the field in the final round.

Player finished with a 69-70 69-69-277, one stroke ahead of Palmer who had a 68-70-67-73. Nicklaus had rounds of 69-70-70-67.

# Post 374 Loses 2 Of 3 Contest

Post 374 blasted Hanoverton, 11-2, to post their only victory in three games played over the weekend.

While the local Legion Juniors won at home Sunday, they dropped a 31 decision to Bridgeport Saturday and fell by a 4-3 margin at Mingo Junction on Friday.

John Hasenstab swung the big bat for Post 374 with two triples and four runs batted in while Dick Smith blasted a home run for a pari of RBI's.

Miller was the winning pitcher and allowed only five hits while fanning seven. He had relief help from Dave Bowersock in the sixth inning.

A big eighth-inning sixth out put the game in the win column for the locals.

Bridgeport scored two runs in the top of the seventh to break a 1-1 tie in Saturday's game.

Hissom was charged with the loss as both teams collected four hits.

Post 374 lost Friday's game

to Mingo in the same manner.

Mingo broke a 3-3 deadlock with the winning run in the last of the seventh. It was East Liverpool's sixth loss by a one-run margin.

## Soldier Wounded In Berlin Holdup

BERLIN (AP)—An American soldier was shot in a quiet side street of Communist-ruled East Berlin Sunday night and found by a passing U.S. officer.

The wounded soldier was brought back to West Berlin and placed in a military hospital where his condition was described as satisfactory.

A U.S. Army spokesman said, "The motive for the shooting was apparently robbery as the soldier reported his money was missing."

Army surgeons removed a small-caliber bullet from the soldier's stomach. He was shot in the right side of his back, just above the belt line.

The victim's name was withheld here pending notification of his next of kin, but in Oklahoma City, Mrs. Stanley Coppage said she received a telegram late Sunday night informing her that her son, Pfc. John M. Coppage, 19, had been seriously wounded in a shooting incident in East Berlin.

Coppage was stationed at Heilbronn, in West Germany, but wrote home last week that he planned a tour with an Army buddy.

U.S. troops are allowed to visit East Berlin if they are in uniform.

## Polish Paper Lauds Kennedy's Peace Bid

WARSAW, Poland (AP)—Robert F. Kennedy's bid for Polish initiative to improve U.S.-Soviet relations won approval Sunday from the Polish Communist party newspaper.

Trybunalska hailed Kennedy's "emphasis on building bridges between nations," but scolded the American attorney general for "notoriously being late" for appointments with Polish leaders and for speaking to crowds from the roofs of cars.

## China Warns Phouma Over Harsh Speeches

TOKYO (AP)—Communist China warned Laotian Premier Souvanna Phouma today against making speeches attacking Communist China.

"Of late, Prince Souvanna Phouma has vilified China in one speech after another," the Peking People's Daily said. "We must tell Prince Phouma in all seriousness that it is very dangerous for him to continue along this way."

## Buddhist Monk Burns To Death Near Shrine

RANGOON, Burma (AP)—A Buddhist monk burned himself to death Sunday in front of a sacred shrine 12 miles from Rangoon. There was no indication of his motive.

Bystanders rushed toward the monk, Shin Arisada, 54, as he touched a match to his kerosene-soaked robes, but his body was immediately engulfed in flames.

## Ben Bella Hits French Petroleum Interests

ALGIERS (AP)—"The counter-revolution is being supported financially by French petroleum companies," President Ahmed Ben Bella of Algeria claimed Sunday.

Ben Bella faces guerrilla opposition in the Aures and Kabylie mountains led by some of his former comrades in revolution. He accused the oil companies at a mass meeting marking the second anniversary of Algeria's independence.

OFF THE RECORD

"Election year."

Today In History

By The Associated Press

Today is Monday, July 6, the 188th day of 1964. There are 178 days left in the year.

Today's highlight in history:

On this date in 1776, on hearing the news of the Declaration of Independence, a New York mob destroyed a lead statue of King George III. The statue provided lead for 42,000 bullets.

On this date:

In 1747, American naval hero John Paul Jones was born.

In 1837, the Republic of Texas sent an ambassador to Washington.

In 1920, the Democratic party nominated Franklin D. Roosevelt for vice president on a ticket headed by James M. Cox of Ohio.

In 1944, a circus tent fire in Hartford, Conn., killed 167 persons.

Ten years ago — President Dwight D. Eisenhower's representative in the Middle East, Eric Johnston, reported Jordan, Lebanon, Syria and Israel had agreed in principle to share the water of the River Jordan through a unified project.

Five years ago — The State Department announced that Burma had agreed to accept U.S. economic aid, reversing a six-year refusal to accept American assistance.

One year ago — U.S. tennis star Chuck McKinley won the Wimbledon Tennis Championship; this year he was defeated in the semifinals.

The origins of today's ever-popular detective or mystery stories can be traced to the "Gothic novels," or tales of terror, circulated popularly in England in the 18th century.

Uranium minerals, a source of energy, were once considered oddities.

Junior Editors Quiz on  
FISH

QUESTION: Where did the codfish get its name?

ANSWER: We cannot answer this, as the origin of "cod" is uncertain. But there was nothing uncertain in the importance of the codfish in encouraging settlement of eastern Canada and the northeastern coast of the U. S. Off the big island of Newfoundland are underwater "banks" where the water is shallow enough for vessels to anchor, and the codfish swarm to feed on the various forms of marine life abundant there. Many coast towns have taken fishing on these banks as their main way of life.

Our illustration shows one of the ways the sturdy old-timers caught their fish. Small "schooners," such as shown in the background, would sail out carrying a nest of small open boats called "dories," and in these the fishermen would carry tubs of coiled line, or "trawl." Small lines with baited hooks would be attached to the trawl line every six feet. The dorymen would drop an anchor with one end of the trawl line attached and then let out the line, which might stretch out for over a mile. Often they would then return to their vessel and come out early next morning to haul the trawl in, as we show, and remove the fish from the hooks.

FOR YOU TO DO: Here is an interesting picture to color. The fishermen's oilskins were generally bright yellow and their oil hats black. Dories were generally painted a light red orange, for this color would make them visible to the mother ship, against the blue background of the sea.

Douglas Nixon of Amherst, N. S., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash, for this question. Mail yours on a postcard to Junior Editors in care of The Review and you too may win the weekly prize of Compton's Pictured Encyclopedia.

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: Why don't you mind your own business and stick to counseling mixed-up people who are having marital problems?

As an embalmer and undertaker I resent your advice to the woman who wanted to know if it was proper to leave glasses on a person laid out for viewing. You said the idea of displaying the deceased was to suggest that the person was "sleeping." You added, and I quote, "Since it is unlikely that people sleep with their glasses on they should be left off."

If this were true, Ann Landers, why are policemen and firemen traditionally laid out in full uniform with the right hand holding the visor of the cap across the heart? Do you think policemen and firemen sleep in their uniforms and take their hats to bed with them? Gen. MacArthur lay in state, resplendent in five-star regalia. Are you under the impression that Gen. MacArthur slept in that outfit?

Speaking of sleep, I think you must have been in a fairly deep slumber yourself when you wrote that reply. Why didn't you admit you were wrong and apologize? — NO NAME PLEASE.

Dear No Name: All right. So they aren't sleeping.

Eye glasses are designed to improve the sight, no? If you should ever hear of a case where glasses over the closed eyes of a person (either living or dead) achieved this, will you please let me know?

**Fuming Non-Smoker**

Dear Ann: My husband and I don't smoke. We have no ash trays in our home, and this is not an oversight, believe me. It is a way of letting our guests know we don't want anyone smoking when they visit in our house.

Last evening a new business associate of my husband's came over. The very first thing he did was to light a cigarette. He then looked around the room for an ash tray, and seeing none he said, "I guess nobody around here smokes." With that he flicked his cigarette ashes in his pants cuff.

I went to the kitchen and brought him a saucer and said as coolly as I could, "Please use this."

Now I think I made a mistake by supplying the lummock with the saucer. I should have told him off. I know you are a non-smoker. How do you feel about this? — MAD AT MYSELF.

Dear Self: Not as vehemently as you do. Nonetheless, a considerate person, when he sees no ash trays around, should take the hint.

**Mad, Mad, Mad Dad**

Dear Ann: I'm 14 and have a mad crush on a boy who lives in Omaha. Rod and I met at camp and have been corresponding since last year.

My father says Rod is an idiot just because he writes cute things on the outside of the envelope. I think some of the stuff he writes is real clever. Yesterday I got a letter and Rod had written across the back "Beware, Postman. Handle with asbestos gloves. Hot stuff inside."

When my dad saw this he said, "Tell that nutty kid if I see anymore trash on the envelopes, his letters are going into the garbage can."

Please set my dad straight before he ruins my entire life. — CANDY

Dear Candy: Sorry, but I'm with your dad. Tell Rod to save the little gems for inside — where he can probably use 'em.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

## False Report Of Drowning Brings Quest

Calcutta and Glenmoor volunteer firemen and scuba divers made an intensive search along Beaver Creek in the Grimm's Bridge area late Friday night and again Saturday morning on a report a fisherman was believed drowned, but the alarm proved to be unfounded.

It all began Friday at 10:20 p. m. when Calcutta firemen received a report from an unidentified motorist who said he was told of the supposed drowning while driving along the creek road. He said a fisherman ran up to his car and told him his angling companion had disappeared while walking along the creek.

The fisherman said his friend could not swim and he feared he had drowned. Calcutta firemen called for assistance of the Glenmoor firemen and about 30 men searched an area of almost two miles along the creek. They were assisted by citizens' band radio operators, who set up communications.

In the search, the firemen turned up the man who had received the report of the supposed drowning, but they did not locate the man who originated the story.

"But there was no trace of any drowning," Asst. Chief Donald Dunn of Calcutta reported.

Another search of the area was made Saturday morning to be doubly sure there had been no tragedy.

Dunn commented the water in the creek is comparatively low in that area because of recent dry weather and there was little danger of an adult drowning.

**Man Hurt In Tavern Drives Into Hayfield**

After an alleged barroom altercation, a Lowellville man, about 23, drove off the left side of Route 14 and into a hayfield about a mile east of Route 7 near Columbiana Sunday.

The Lisbon Barracks of the State Highway Patrol said he had a minor head injury apparently from the fight rather than from the traffic mishap.

The Columbiana County sheriff's office reported that the wrecked convertible's operator, Charles Fink, allegedly was struck with a blackjack by the manager of a tavern on Route 14 during a disagreement. The traffic accident occurred shortly after Fink left the tavern, authorities said.

**British Figure Taken**

LONDON (AP) — Sir Gerald Campbell, 84, British minister to Washington and director-general of British information services in New York during World War II, died Saturday. He also served for 18 years as consul-general in Philadelphia, San Francisco and New York during the 1920s and 1930s.

**Millport Corner To Get Stop Sign**

SUMMITVILLE — The Franklin Township trustees Saturday morning ordered a stop sign erected on Washington St., Millport, at the intersection with Main St.

John Wargo, president, presided. He reported the first mowing of weeds along the roadsides has been completed. Some 5,000 gallons of oil were used on slag roads in front of homes in the township.

A notice was received from the O. S. Hill Co. of East Liverpool that the new truck purchased by the township has arrived and will be ready for delivery within the next few days.

Bills totaling \$3,127.30 were paid. The next meeting is July 18 at 1 p. m.
